

*Van Zyverden's*  
HYACINTH SWEET INVITATION

Hyacinths are a genus of bulbs grown for their dense spikes of fragrance and tubular reflexed flowers. This variety is ideal for spring bedding displays. They are best planted where their pleasant scent and stunning look can be enjoyed up close. The bulb size we pack is a bedding size so that no staking is required.

*Newer variety*

*Fragrant and showy*

*Can be forced indoors  
but requires special handling*

*About This Variety:* Hyacinth Sweet Invitation is a newer variety set apart by its unique apricot-rose-pink-coral coloring. There is no other Hyacinth color like it.

*Growing Instructions:* Hyacinths like fast-draining, rich soil. They are best planted in groups or clusters for maximum impact. For indoor growing/forcing please Google 'Forcing hyacinths indoors.'

*Care Tip:* Hyacinths like water, so keep them well watered during the growing season. Mulch lightly for winter protection.

*Exposure:* Full Sun to Partial Shade

*Height:* Grows 8-12" tall

*Spacing:* Plant 4-8" apart, 4-6" deep

*USDA Zones:* hardy in USDA zones 4-9

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
