

Van Zyverden's
PAPERWHITE KIT *WITH WHITE CHALK METAL CACHEPOT*

Timeless beauty, sweet perfume and absolute dependability have made Paperwhite narcissus the absolute all-time favorite narcissus bulb for indoor forcing in winter. Clusters of pure white blooms will come 4-6 weeks after potting. Very easy to grow, no special handling or treatment required.

Complete kit for indoor growing

Easy to grow holiday color

Timeless beauty

About This Variety: This Paperwhite kit comes with everything you need to grow these exotics: Four bulbs, a 5" x 6.5" metal sink like, white striped chalk outer planter, a 5" nursery pot, planting medium and a set of growing instructions. As bulbs are essentially storage mechanisms, they already contain everything needed to produce flowers.

Growing Instructions: Paperwhites are tender bulbs and needs to be planted in pots indoors throughout most of North America. To grow indoors as a house plant proceed as follows: Expand the soil block which comes with the kit, following the included directions, then fill about half the pot with the medium. Set the bulbs atop the soil, filling in with soil around the bulbs to maintain them in position. About the top third of the bulb should be left exposed above the soil level, leaving room in the pot for watering. Paperwhite bulbs like room temperatures and exposure to sunshine will keep them shorter. As the flower stalks grows towards the light, rotate the pot frequently to prevent toppling. Sit back and enjoy!

Care Tip: They are best rooted at cooler temperatures, below 60°F. Once rooted, a somewhat warmer house temperature is preferred, but not too hot or too dry an environment, as it may hinder flowering. Also, the less light they receive, the taller they will grow.

Exposure: Indirect light

Height: Grows 12-18" tall

Spacing: Deep enough to where crowns or points of bulbs are exposed

USDA Zones: hardy in USDA zones 8-10

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
