# RAT REPELLENT

100% Non-Toxic Food-Grade Ingredients

**"I CAN'T BELIEVE EVERYONE  
ON THE PLANET ISN'T USING IT!"**

Professional Pest Control Operator, Chuck Creswell writes, "I was getting calls every day for rats and going to "a high-profile account" for service every night for 4 years. The weekend guys were getting calls as well and I don't know how much time they were spending in addition to mine. We applied DeTour Gel Rat Repellent over two months ago and I have not seen a rat since nor have I had a call. My service was twice weekly but I was going every night for over two hours. DeTour Gel is making me and Orkin money by saving me over 6 hours a week in service time. It's unbelievable. I've never seen anything like it. I have also used PiGNX Caulking Gel for birds and I am proposing more bird work as it works so well. I can't believe everyone on the planet isn't using it."
