Eliminate Odors Instantly!

100% Safe, 100% Natural, 100% Effective

Industrial strength odor fighting power for your home!

Prestige Pet Magic Odor Eliminator is the only true solution to an odor-free home. What we've done is basically brought our knowledge of industrial waste cleanup to the pet industry by creating an all-natural blend of activated carbons, made from naturally occurring materials like coconut, charcoal, and corn. This activated carbon is the most powerful odor eliminator known to science and is often used in things like oil spills and air filtration.

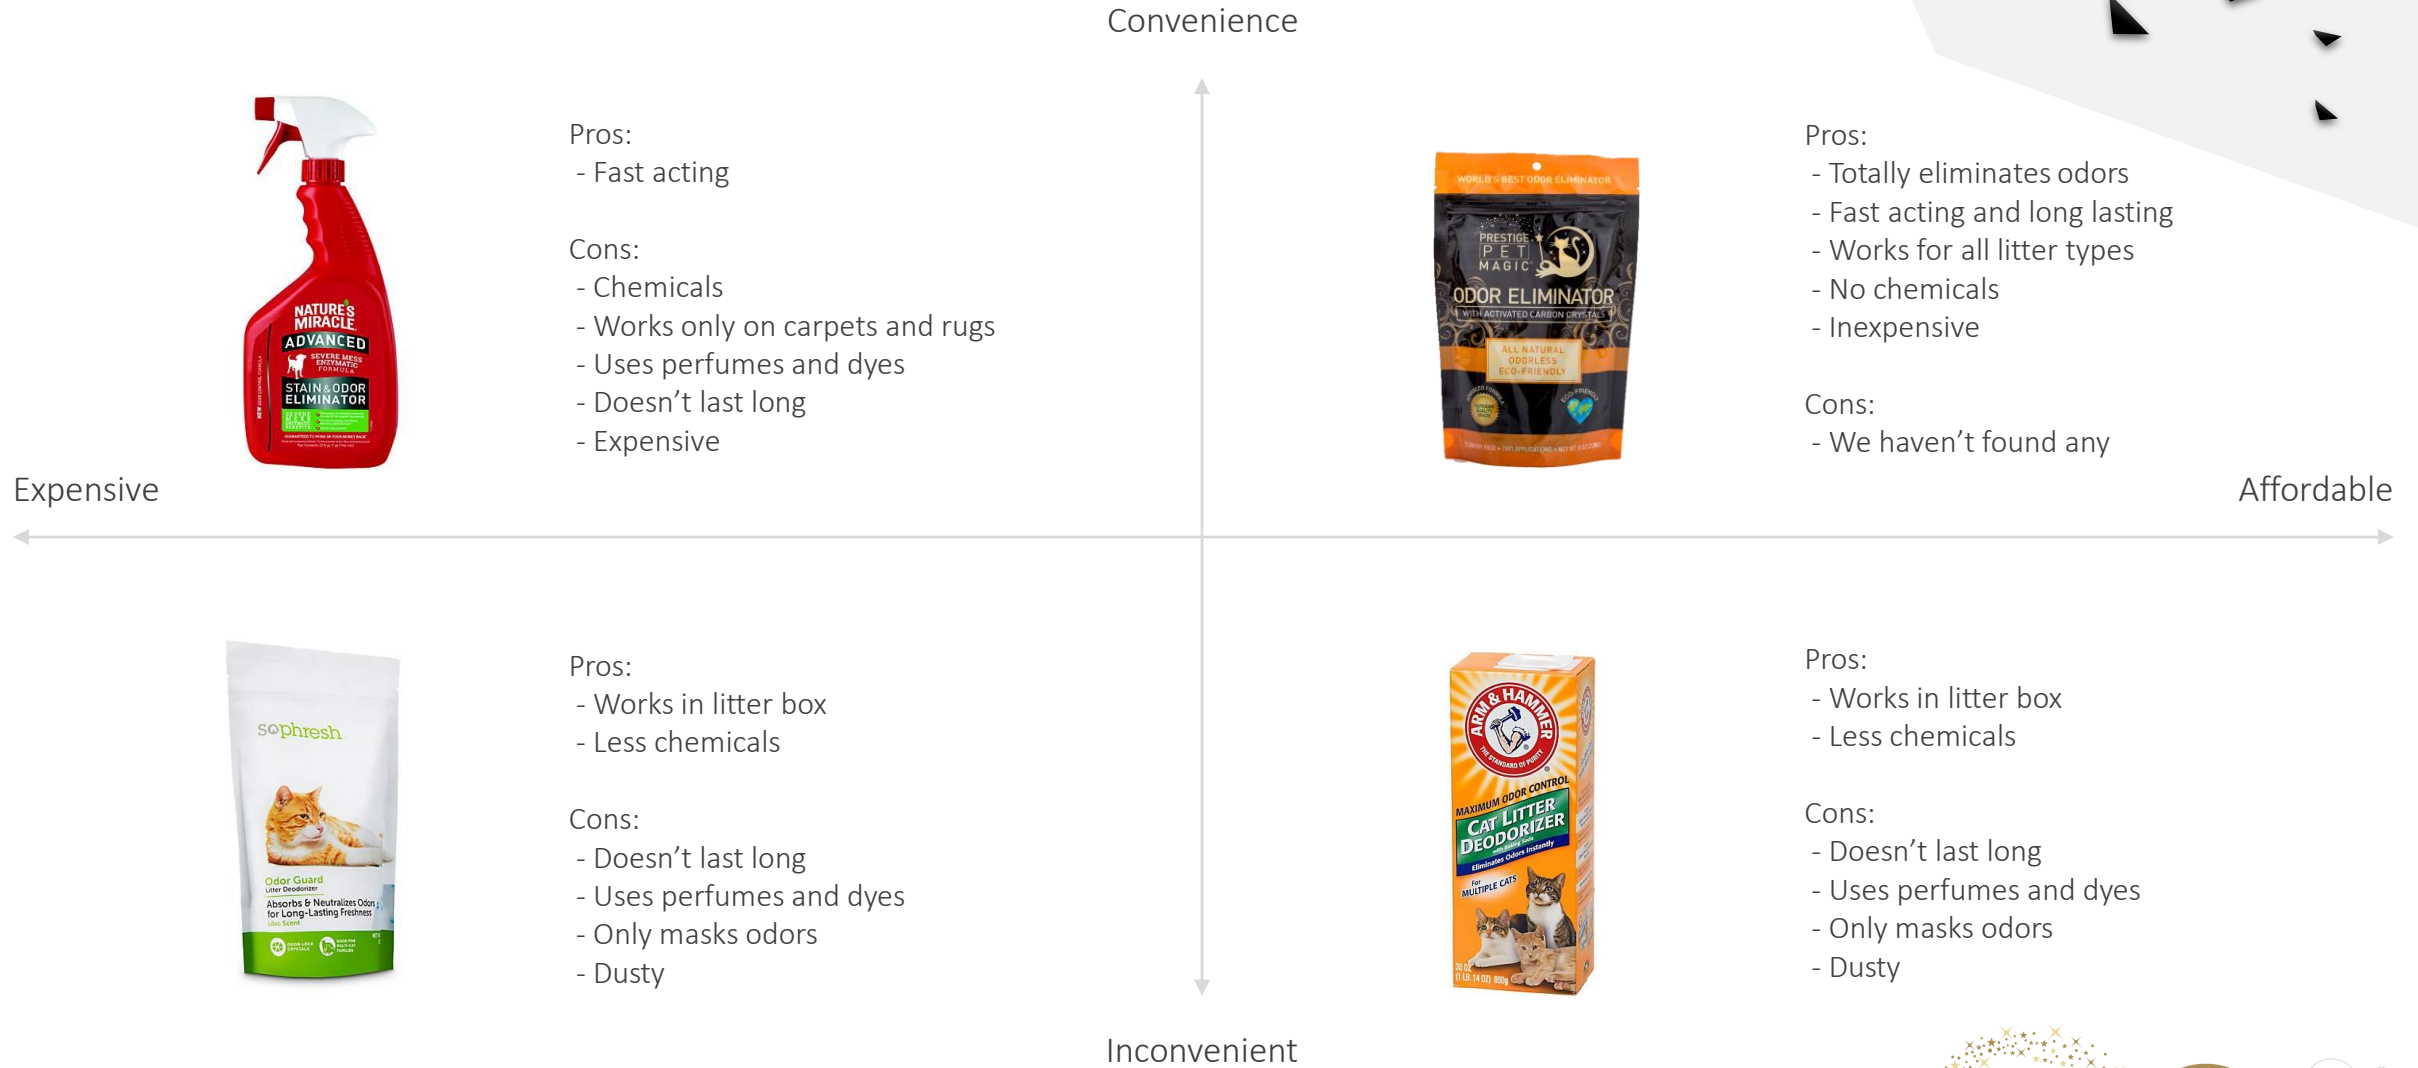

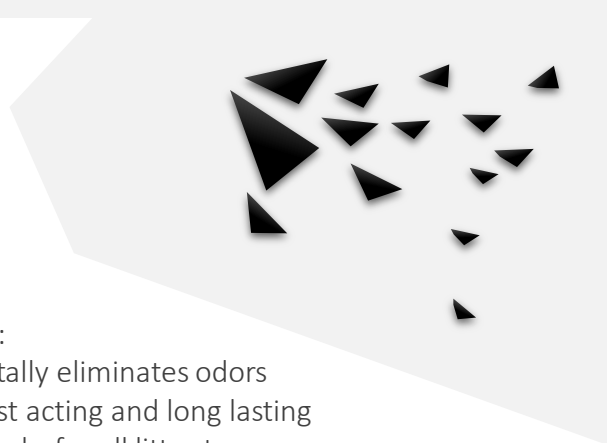

What is it?

Our blend of active carbon was developed by cat loving scientists to trap odor causing bacteria in your cat's litter box and filter your air naturally

Competition

- Pros:
- Fast acting
- Cons:
- Chemicals
 - Works only on carpets and rugs
 - Uses perfumes and dyes
 - Doesn't last long
 - Expensive

- Pros:
- Totally eliminates odors
 - Fast acting and long lasting
