Smart Deadbolt 2S
Metal Grey

The key to a greater peace of mind.

The igloohome Smart Deadbolt 2S Metal Grey features a fresh look to the slimmest smart deadbolt in the world. Keeping to a sleek and minimalist exterior, it comes with more than enough features to rival the big boys.

MODES OF ACCESS

PIN Codes
Bluetooth Keys
Physical Keys

Up your style factor

Designed with a universal aesthetic that fits well with most decors, the Smart Deadbolt 2S Metal Grey's clean and sleek design makes it a stylish addition to any property.

Looks good, works better

Jam-packed with features to offer you a greater peace of mind, you can be assured that your property is always secure. Keep tabs on when your home has been accessed with activity logs*. It works offline for increased reliability against WiFi hacking too.

** Bluetooth activity logs are updated in real-time while PIN code activity logs are updated each time the lock is synced to the app via Bluetooth.*

Access has never been simpler, safer and smarter

All igloohome devices work with the igloohome mobile app so you can manage access in the palm of your hands. Customise the validity of your PIN codes and Bluetooth keys for different guests.

There's no need for you to be near the lock to do so. The innovative algoPIN™ technology lets you remotely grant access anytime, anywhere.

Syncs with Airbnb

Easily connect your Airbnb account via the igloohome app to automatically create and send PIN codes for each guest according to your listings.

TYPES OF PINS

Permanent
Duration
Recurring
One-Time

Ultimate security for greater peace of mind.

Keypad security lockout

Keypad is disabled after several incorrect PIN code attempts.

Masking security code

Conceal your actual PIN code by entering random digits before it.

Tamper Alarm

Alarm will sound if intruders try to pry the lock from the door.

Auto relock

The Deadbolt automatically relocks once the door is closed.

Experience convenience the smart way.

Passage mode

Turn auto relock off for greater convenience when needed.

Low battery alert

Prompts you intuitively to replace the batteries before they run out.

Volume control

Adjust the volume to suit your preferences.

Keypad disabled mode

Disable the keypad to prevent unwanted PIN code entry.
