

Rabbit Hutches

Care for your furry friends in style with spacious animal homes from Hanover. Find what best suits your needs with our selection of rabbit hutches and cages that feature wire mesh runs, ramps and indoor shelters. They are the perfect hideaway for rabbits, guinea pigs, chinchillas or other similarly sized animals.

Designed with the health and safety of your pets in mind, this collection features latches on doors and access points, a waterproof asphalt roof and non-toxic, solid wood construction. The heavy duty wire mesh surrounding the exterior provides both protection and a supply of fresh air to keep your bunnies happy and healthy. Cleaning is made easy with the slide out metal tray and convenient access to the interior spaces through the doors.

With Hanover, you can provide your animals a quality environment to thrive in.
