

*Van Zyverden's*  
PERENNIAL PLANT OF THE YEAR 2021 MONARDA COLLECTION

Monarda, also known as Bee Balm, has fascinating scented masses of large flowers. It is a vigorous clump-forming herbaceous perennial sure to return for years to come if planted zone appropriate. Thrives just about anywhere. The blossoms are difficult to describe but very decorative. The leaves are mint scented and are edible. Known to attract scores of butterflies and hummingbirds. Great for a wet garden!

*Support the bumble bee population by  
planting a pollinator*

*Native hybridized wildflower*

*Nectar-rich blossoms that  
attract hummingbirds*

*About This Variety:* A collection of three varieties: Beauty of Cobham, Ice Out and Aquaris.

*Growing Instructions:* Not fussy at all and easy to grow, provided plants are kept moist and not allowed to dry out.

*Care Tip:* Deadhead spent flowers to encourage new blooms. Should be cut to the ground after flowering to promote new growth.

*Blooms:* July to August

*Exposure:* Full sun to partial shade

*Height:* Grows 36-48" tall

*Spacing:* Plant 18" apart, 1.5-2" deep

*USDA Zones:* Hardy in USDA zones 4-10

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
