1. Align two Table Panels (A) with one Side Panel (B).
2. Secure the table and side panels by hand-tighten four Bolts (C).
3. Repeat to affix the second side panel.
4. Tighten all bolts using Hex Key (D).

Care & Maintenance

SAFE USE: For residential use only. Only use on a flat, level surface. Never sit or stand on any part of this unit.

CLEAN: Identify the direction of the woodgrain. Following the direction of the woodgrain, wipe surfaces with a soft cloth.

INSPECT: Periodically check hardware and tighten as necessary.

EXPOSURE: Over time, sunlight and weather elements may change the color of natural wood. Avoid leaving wooden furniture in the rain or high-humidity climates as wood can expand and contract with humidity changes; you may need to tighten fittings periodically. If this item is not used for extended periods, we recommend covering or storing it indoors.

MAINTENANCE: The wood was treated with teak oil at the factory. Apply a suitable wood oil (not included) at least once a year, or when the wood looks particularly dry. Follow application instructions as provided with the manufacturer.
