

# CO301PC

## For Outdoor Use

The CO301PC is equipped with a unique air blower that expels air at higher speeds and at a further distance than fan based coolers.

This air cooler features a 20 Litre\*\* water tank, manual drain function and a continuous water supply connection for long periods of cooling. It also features JUMBO sized Honeycomb Cooling Media on two sides for optimum evaporative cooling.

The slim design with durable casters and convenient handles allow you to easily transport and position the cooler from room to room with ease. The rugged yet elegant CO301PC is built with UV-resistant materials and has a weather-resistant construction that allows it to be used indoors and outdoors, ideal for cooling larger and longer spaces including your outdoor patio, BBQ area, large living room and even an office lobby, warehouse or outdoor restaurant.

### LED Control Panel & Remote Control

\* All specifications mentioned are under test conditions, actual performance depends on ambient conditions. Specifications may vary in different countries and subject to change without prior notice.  
 \*\* Water Capacity is the total volume of water that can be contained within the air cooler water tank and water distribution system.

Product Dimensions (in)	17 (W) 22.4 (D) 44.5(H)
Net Weight	45.4 lbs/ 20.7kg
Container Qty 40' HQ	172 pcs

## FEATURES & BENEFITS

Low Power Consumption  
250 Watts\*

Water Capacity  
5.3 Gallons (20 Liters)\*\*

Cools Up To  
460 Sq.ft (43 Sq. m)\*

Stronger & Longer  
Air Throw  
830 CFM (1410 m<sup>3</sup>/hr)\*

2 JUMBO Honeycomb  
Cooling Media

2 Speeds:  
High / Low

Weather-Resistant For  
Outdoor Use

Continuous Water  
Supply Connection

Feather Touch Control  
Panel

2 Beverage Holders
