

TWG210A

WELDER GENERATORS

Specifications

Brand	Tomahawk Power
Welder Process	DC, Stick/TIG
Engine Type	15 HP Inverter
Voltage	2000 W
Amperage Range	50 - 210
Suitable for Welding	6010 Rods Up to 6013
Max Watts	2000
Rated Watts	1800
Engine Displacement	420 cc
Outlet (Qty.)	2
Outlet Type	120V DC
Duty Cycle	60% @ 210 Amps
Fuel Tank	7 Gallon
Fuel Type	Gasoline
Electric Start	Yes
Battery Included	Yes
Low Oil Sensor	Yes
Wheel Kit	Yes
Weight	202 lbs
Warranty	1 Year

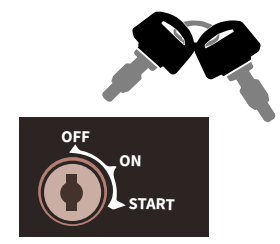

Compatible with Rods
3/32" - 3/16"

Two 120V
Outlets

FEATURES

- TIG and MMA Welding Versatility
- Permanent Magnetized Generator (PMG)
- Inverter Generator with stable sine wave for the steadiest welding
- Weld and Run Electric Tools all at once
- Easily set amperage with Electronic Reader and Knob
- Low Oil Sensor Included

Electric Start with
Battery Included

1 Year
Product Warranty
