USE & CARE

INSPECT: Periodically check assembly points and tighten fittings as necessary.

CLEANING: Identify the direction of the woodgrain. Following the direction of the woodgrain, use a soft cloth or a soft-bristled brush, like a paintbrush, to remove loose dust, dirt and debris.

Do not use a pressure washer, harsh chemicals or abrasive materials to clean the unit.

WINTER CARE & STORAGE: Protect this item from ice and snow. Store in a dry, indoor location. Covering the unit while in storage will help prevent dust buildup.

MAINTENANCE: This item was treated with teak oil at the factory. To maintain the appearance, apply a suitable penetrating Wood, Teak or Linseed Oil (not included) yearly, or when the wood looks particularly dry. Clean the unit and bring into a warm, indoors location. Allow the unit to thoroughly dry before applying oil; drying may take several days. Only apply oil to wooden surfaces. Use a soft cloth or soft brush and carefully apply oil as directed by the wood oil manufacturer.

WARNING: THE ONE-YEAR WARRANTY DOES NOT COVER DAMAGES OR DEFECTS CAUSED BY THE APPLICATION OF CHEMICAL TREATMENTS OR PROTECTIVE COATINGS.

Any modification to the product or failure to follow recommended care will void the product warranty.
