What is Daily Red[®] Crushed Garlic?

Daily Red Crushed Garlic helps horses stay comfortable through fly season. It supplies essential salt and balanced trace minerals that improve health and hydration, while naturally repelling flies and ticks. It's a mineral and fly control supplement horse owners can feel good about giving.

THE FOUNDATION OF DAILY RED[®]

BALANCED TRACE MINERALS

A full spectrum of loose minerals mined from Redmond's deposit in Utah, USA, promotes wellness and a healthy appearance from head to tail.

NATURAL INSECT REPELLENT

Bioidentical garlic oil reduces the number of flies, mosquitoes, and ticks on horses, keeping them more comfortable and reducing the risk of bites and disease.

HYDRATION AID

A daily dose of sea salt encourages horses to drink while supporting water absorption into the bloodstream for comprehensive hydration.

GARLIC BENEFITS

While more research is needed, studies show garlic may support the immune system, respiratory health, anti-inflammatory defense, and good gut flora.

ALL-DAY PROTECTION

Crushed Garlic provides full-body fly prevention without chemicals. It won't wash off or sweat away, and fights flies in hard-to-reach areas.
