

Outdoor Wooden Storage Shed

Say goodbye to outdoor clutter and keep everything organized in one place with this modern utility shed by Hanover. It's the perfect place to store tools, garden supplies and all of your outdoor accessories - with 8.7 cubic feet of internal space, you can protect it all.

Equipped with three short shelves and a storage loft, you can neatly store your smaller items while still have room for larger, vertical tools like rakes and shovels. To keep your possessions safe, the shed comes with a metal, locking latch that accommodates most combination or keyed locks (padlock NOT included). The asphalt roof is waterproof and the pitched roof design allows efficient water and snow runoff to keep everything nice and dry all year long. Stable and durable, the wooden shed is constructed with natural fir wood to last through many seasons.

For all of your outdoor storage needs, depend on quality products from Hanover.
