

Little Hottie® 'Bailpanone'

Hydrangea paniculata

This little hydrangea is extremely compact with great branching, and is much easier to manage in production. Deep green leaves are a beautiful backdrop for the late summer flowers that are held up on strong and sturdy stems. Born in a tight cluster, the blossoms are initially green and open to a creamy white. As evening temperatures drop in the fall, the petals turn antique shades of white and pink. The small size, reduced need for pruning, and large flowers make this an ideal choice for smaller landscapes where larger traditional panicle hydrangeas won't fit.

Compact form

Large blooms

Heat tolerant

Fall color

Little Hottie® 549, *Hydrangea paniculata* 'Bailpanone' PP32

CHARACTERISTICS

Plant Type:

Hydrangea

Shrub Type:

Deciduous

Garden Height:

3-5 ft

Spread:

3-5 ft

Flower Colors:

White/Green ages Pink

Foliage Colors:

Green

Foliage Shade:

Green

Habit:

Rounded

Container Role:

Thriller

PLANT NEEDS

Light Requirement:

Part Sun to Full Sun

Maintenance Category:

Easy

Blooms On:

New Wood

Bloom Time:

Summer through Fall

Hardiness Zones:

3a, 3b, 4a, 4b, 5a, 5b, 6a, 6b, 7a, 7b, 8a

Water Category:

Average

Uses:

Border Plant

Container

Cut Flower

Dried Flower

Edging Plant

Landscape

Mass Planting

Specimen or Focal Point

You can use Little Hottie hydrangea in almost any landscape application. It's an especially beautiful choice for easy-care summer interest, foundation plantings or flower beds.

Maintenance Notes:

Plant in full sun to part shade. Average water and prune as needed in early spring. Doesn't need a lot of pruning in production or the landscape to grow into a well-shaped plant with strong stems
