

# Little Quick Fire<sup>®</sup> Panicle

Hydrangea *Hydrangea paniculata*

Like Quick Fire, it is early blooming, flowering about a month before other hydrangeas. White flowers transform to pink-red as summer progresses. This dwarf plant fits easily into any landscape, including container gardens. Add it to your existing hydrangea garden to extend the blooming season.

USDA Zones- 3-8

Mature size- 36-60 inches W x 36-60 inches H

Full sun to part shade

Deciduous- foliage loss in winter and new growth in spring

Plants are shipped dormant winter through early spring

Water Category: Average

## Uses:

Border Plant

Container

Cut Flower

Dried Flower

Landscape

## Uses Notes:

This dwarf form of Quick Fire fits easily into any landscape. Use it in a mixed border, or as a showy specimen or foundation plant. Its early bloom time will extend your garden's hydrangea season.

## Maintenance Notes:

Trim in late winter/early spring. Apply a slow-release fertilizer in spring. Flower color is not affected by soil pH.
