

At Last[®] *Rose* *Rosa* x

- Finally - a fragrant, disease-resistant rose!

It's the dawn of a new day for roses: At Last[®] combines all the romance of a fragrant, fully-petaled tea rose with the no-nonsense practicality of a disease-resistant landscape rose. No spraying is required to enjoy a non-stop display of large, sweetly perfumed sunset-orange blossoms from late spring through frost. Handsome, glossy foliage and a vigorous, rounded habit makes it ideal for use in the landscape or the flower garden!

Top three reasons to grow At Last rose:

- Combines fragrance and disease resistance
- Easy care: no spraying required, no need for fussy pruning.
- Very long blooming, with flowers present from late spring through frost.

CHARACTERISTICS

Plant Type: Shrub

Shrub Type: Deciduous

Height Category: Medium

Garden Height: 30 - 36 Inches

Spacing: 30 - 36 Inches

Spread: 30 - 36 Inches

Flower Colors: Orange

Foliage Colors: Green

Foliage Shade: Dark Green

Habit: Upright

Container Role: Thriller

PLANT NEEDS

Light Requirement: Sun

Maintenance Category: Easy

Blooms On: New Wood

Bloom Time: Summer through Fall

Hardiness Zones: 5a, 5b, 6a, 6b, 7a, 7b, 8a, 8b, 9a

Water Category: Average- Needs Good Drainage

Soil Fertility Requirement: Average Soil

Uses: Border Plant, Container, Cut Flower, Landscape, Mass Planting, Specimen or Focal Point

Maintenance Notes:

This easy-care rose defies conventional expectations of what a rose needs to thrive in your landscape. To keep it looking great, simply prune back by at least one third its total height each early spring, just as the new buds begin to emerge on the stems. Make your cut just above a thick, healthy bud, as these produce the most vigorous growth. It can also be fertilized at this time with a granular rose fertilizer.

The plant may be deadheaded if desired, but this is not required for continuous bloom.
