

CHRISTMAS TIME™

The Frosted Fir Collection

Each branch is hand flocked creating a unique snow covered tree that will delight your family and holiday guests. The premium white flocking is MADE IN THE USA.

Warm White LED Lighting produces a clear timeless display with long-lasting, low voltage bulbs for fewer bulb burnouts and lower energy bills.

Designed using high-quality artificial materials that will last season after season. Sturdy hinged branches make for easy set-up, take-down and storage. A sturdy metal stand keeps your tree standing tall.

Christmas Time produces the most realistic artificial Christmas trees on the market, featuring all the long-term benefits that come with owning an artificial tree. No more shopping, chopping, and paying for a live Christmas tree again. Simply unfold out of storage, fluff and decorate!

Our Frosted Fir Collection features a slim, mixed-branch silhouette with short needles and all-metal hinged branch construction. The lifelike foliage is constructed with non-allergenic and flame-retardant materials. Multiple hues of white and green produce a beautifully frosted, lifelike display.
