Sold separately at Klymit.com).)

- 1 Organize tent pieces on the Cross Canyon Mat.™
- 2 Stake and tension the four primary corners of the tent.
- 3 Assemble pole system and lay poles diagonally from corner to corner (the poles should create an X in the center). Insert pole tips into the grommets at the four corners of the tent body.
- 4 Clip inner body snap hooks to the pole structure.

- 5 Lay rainfly over the tent body. Buckle the four corners of the rainfly to the tent stake locations.
- 6 Stake out the zipper tether points of the rainfly.
- 7 Stake out the vestibule anchor points – two at the front and two at the back of the tent. These are located to the left of the zipper and are designated by elastic loops.
