## PROFESSIONAL GRADE SCRUBBING TOWELS

HANDS • TOOLS • SURFACES

**THE PROOF IS IN THE CLEAN!**

SCRUBS In-A-Bucket<sup>®</sup> were the first pre-moistened, dual textured towels to ever be invented and have been a favorite in the industrial market ever since. They combine a patented cleaning formula with a strong, dual-textured towel to thoroughly clean hands and surfaces. The clean, citrus-scented formula loosens and dissolves soils while leaving hands free from dryness and irritation. The Rough Touch<sup>®</sup> blue towel locks in soil to prevent it from transferring back onto hands and surfaces. Hands and surfaces are left feeling clean with no sticky residue and no rinsing required.
