

Mandevilla

Alice Dupont

Bold and showy, Mandevilla will constantly bloom from spring to fall! This Mandevilla vine has large, trumpet-shaped blooms in shades of pink. Perfect in landscape beds, borders, arbors, trellises, and mailbox posts.

USDA Zones 10-11

Mature size- 2-3 Feet Wide x 15 Feet in Height

Full sun to part shade

It prefers a situation where temperatures do not dip below 40 degrees F. In northern zones, it can be brought indoors during the cooler months and grown as a houseplant.

Planting Instructions: Set at the same level it is growing at in the container, firm and water in well

Winter Care: Not winter hardy where it goes below 40 degrees F. Bring into a frost free environment and grow on as a house plant during the winter months

Soil Requirement: Well drained
