- *Formulated* with stabilized ground flaxseed high in Omega-3 using **PURE GLEAN** stabilized technology to maintain full nutritional value guaranteed for 12 months
- *Develop* strong, solid hoof growth
- *Promote* shiny, healthy coat and smoother skin texture
- *Strengthen* immune system and digestive stability
- *Natural* without artificial preservatives
- *Support* full athletic potential and reproductive efficiency
- *Alleviate* stiff, immobile joints
- Formulated with *natural occurring amino acids* - valuable protein building blocks
- *Custom designed* vitamin/mineral mix for essential nutrition
- *Available Sizes:* 9.5 lb bag and 50 lb bag

Nutritional Necessity

Honoring your *First Promise* to your horse, we have created an all-in-one supplement featuring Omega-3-6-9, antioxidants, Diamond V[®] yeast, essential vitamins and minerals that may support healthy, shiny coat; strong, solid hooves; strong immune system; and digestive stability for total health — for horses in all life stages.

CUSTOMER TESTIMONIALS

“Just thought I would share the below photos of Panadero XLVI recently. No, his coat is not wet and people at the shows are constantly asking me what product I have on him to make his coat so shiny. I tell them about Omega Horseshine[®] Complete, which he has been on since it came out and his picture is on the bag! I highly recommend this product.”

– Margit Deerman
4-Star Parelli Professional
