

Vertical Panel Saws

Varsity & 1000 SERIES

Makita Saw on a Spinning Insert Plate w/Dust Collection

Sealed Steel Roller Bearings

Measuring System

Folding Stand

Product Description:

The Varsity and 1000 Series panel saws include all standard features plus an optional accessory package we would recommend to most wood workers. This series is ideal for customers that need to break down sheet goods that are less than 1 3/4 inches thick with precision cuts.

A Makita 5007F circular saw on a Spinning Saw Insert Plate and dust collection hook ups are provided with this machine. The Folding Stand is as easy to open & close as a ladder, yet provides complete stability while in operation. For portability and mobility, Transport Wheels are included. Both the vertical and horizontal Measuring Tapes help to ensure accurate cuts while the Stop Block with Bar provides the capability to make repetitive cuts.

COMPACT

FULL SIZE
