

Topical Fungicide

Description:

Use as an aid in the control of summer itch, girth itch, foot rot, ringworm, rain rot, and other fungal problems.

For Use On:

Cattle, Sheep, Goats, Horses, Dogs and Cats

Product Advantages:

- Provides effective control of numerous fungal problems
- Multi-species label
- Great for ringworm

Active Ingredients:

Benzalkonium Chloride.....0.15%

Inactive Ingredient: Allantoin

Directions for Use:

Soak affected area liberally with Topical Fungicide solution. Apply daily until hair begins to grow. Leave treated areas uncovered. Rinse treated areas with clear water before reapplying. Results should be apparent in a matter of days. If no improvement is noted within seven days, consult veterinarian.

NOTE: Efficiency is neutralized by soap or detergent residues.
