INSTRUCTIONS FOR FEEDING:

STOCKADE® 16:8 Beef Breeder Mineral is scientifically formulated for improved performance in breeding cattle on pasture. Self feed at all times. Consumption will vary depending upon the availability of quality of roughage but should average 4 ounces per head daily for an adult animal. Provide fresh, clean water at all times.

For more information, please contact your STOCKADE® representative.

CAUTION: **Use as directed.** Consumption of selenium should not exceed 3 mg per head daily.

WARNING: This product, which contains added copper, should not be fed to sheep or any species that have a low tolerance to supplemental copper.

NET WEIGHT: 50 LB. (22.7 KG)
