INSTRUCTIONS FOR FEEDING:

STOCKADE® 14% High Mag Mineral is a high magnesium mineral scientifically formulated to be self-fed. **STOCKADE® 14% High Mag Mineral** helps your animals attain maximum performance providing a balanced intake of supplemental minerals and vitamins. All ingredients are selected for high biological availability and stability to deliver optimal nutrition to your livestock. **STOCKADE® 14% High Mag Mineral** should be fed when supplemental magnesium is needed to balance the ration. Four (4) ounces of this product provides 16 g magnesium and 3 mg selenium.

Feed at the rate of 2 to 4 ounces per head per day. Provide one covered mineral feeder for every 20 to 30 animals. Locate each mineral feeder near a clean, fresh source of water. Mineral consumption levels will vary depending upon the mineral status of the animals. Provide fresh, clean water at all times.

For more information, please contact your STOCKADE® representative.

CAUTION: Use as directed. Consumption of selenium should not exceed 3 mg per head daily.

WARNING: This product, which contains added copper, should not be fed to sheep or any species that have a low tolerance to supplemental copper.

NET WEIGHT: 50 LB. (22.7 KG)
