GOLDENS' CAST IRON FIRE PITS

Goldens' Cast Iron is proud to introduce Goldens' Cast Iron Fire Pits. Goldens' Foundry began producing syrup kettles back in the late 1800's.

Our kettle design is perfect for an outdoor fire pit. Cast iron construction ensures years of enjoyable use. The fire pits come pre-drilled with a single drain hole.

Goldens' Cast Iron Fire Pits are ideal for any outdoor installation or as a free standing unit with the Goldens' Cast Iron Fire Pit Stands (not included).

Just add firewood and your family will be ready to sit back, chill out, and enjoy some family times by the fire!

Chill out.

WELCOME TO THE IRON AGE

Inspired by the syrup kettles we produced over 100 years ago, our Fire Pits will host generations of fireside chats. So kick back with your feet up and relax. Chill out with Goldens' Cast Iron.
