

Product Name: Crown Royal Premium Whisky Barrel Chunks

Chunks Description

Crown Royal was created in 1939 when carefully selected Canadian whiskies were blended together to meet the uncompromising standards of a King. Today, the Crown Royal distillery in Gimli, Manitoba proudly carries on that tradition.

Crown Royal whiskies are aged to perfection in white American oak barrels. During this process the wood imparts the flavors of vanilla, caramel and oak into the liquid producing a harmonious balance of flavor. When the barrels are emptied, the distinct character of Crown Royal is left behind in the wood.

Now you can infuse the rich and robust flavor of Crown Royal into your next barbecue with a line of grilling and smoking products made from Crown Royal barrels. Available in pellet, chip, chunk and plank forms.

Add smooth, sweet, regal flavor to your foods with authentic Crown Royal barrels!
