PureZone Kids Bear Air
TRUE HEPA AIR PURIFIER

USER MANUAL
MODEL: PEAIRBER

WARNINGS AND PRECAUTIONS

Read and save this instruction manual before operation. Failure to adhere to the following warnings can cause harm to you or the unit.

- Close supervision is necessary when any appliance is used by or near children and pets.
- Remove the plastic bag that the filter is packaged in before initial use.
- To avoid fire and shock hazard, plug PureZone Kids directly into a 120V AC electrical outlet.
- DO NOT run power cord under carpeting, or cover with rugs or runners. Arrange the cord away from areas where it may be tripped over.
- To prevent electrical shock, do not spray the unit, plug, or cord with liquids. Never submerge any part of the unit in water.
- Always unplug PureZone Kids before moving it, opening the front cover, changing the filter, and whenever the unit is not being used. To disconnect from the power supply, grip the plug and pull from the power socket. Never pull by the cord.
- NEVER drop or insert any object into any openings.
- DO NOT operate the unit with a damaged cord or plug, after it malfunctions, or after it has been dropped or damaged in any way.
- DO NOT use PureZone Kids outdoors.
- DO NOT place any object on top of the unit or block any of its openings or vents.
- NEVER place the unit on a soft surface, such as a bed or sofa, as this could cause the unit to tip over and block the air vents.
- Keep PureZone Kids away from heated surfaces and open flames.
- DO NOT attempt to repair or adjust any electrical or mechanical functions on PureZone Kids. Doing so will void the warranty. The inside of this unit contains no user serviceable parts.
- PureZone Kids has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to alter this safety feature.
- To reduce the risk of fire and electrical shock, DO NOT use this unit with any solid-state speed control device.

WARNINGS AND PRECAUTIONS

THIS IS NOT A TOY! DO NOT USE IT AS A TOY.

To reduce the risk of personal injury and electric shock, PureZone Kids should not be played with or placed where small children can reach it. No portion of the air purifier is intended to be removed and used as a toy.

UV Lamp Notice

UV light is harmful to bare skin and eyes and can cause temporary loss of vision. Never look directly at the UV lamp while it is illuminated; doing so could cause loss of vision! Only view the illumination through the window at the front of the unit. To prevent exposure to the ultraviolet light, unplug the power cord before performing cleaning and maintenance.

UV Lamp Disposal

If the UV lamp breaks, turn off the air purifier. DO NOT operate it with a broken lamp. DO NOT use a vacuum to clean up breakage. Sweep debris into a plastic bag and dispose properly. Contact your local waste management authority for instructions regarding recycling and the proper disposal of old lamp(s). To order a replacement lamp, visit our website at pureenrichment.com.

Mercury Notice

The UV-C light contains a small amount of mercury. For proper disposal see <https://www.epa.gov/cfl/cleaning-broken-cfl>

FCC NOTICE

Model: PureZone Kids Bear Air True HEPA Air Purifier (PEAIRBER)

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Pure Enrichment
2803 S Yale St.
Santa Ana, CA 92704
pureenrichment.com

The product is protected against unauthorized use. DO NOT modify it without the authorization of the manufacturer, or the user's authority to operate could be voided.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

INTRODUCTION

Thank you for purchasing PureZone Kids. This 4-stage air purifier is designed to capture 99% of dust, pollen, pet dander, smoke, and more.

PRODUCT FEATURES

The diagram below highlights all of the important features of the unit.

4-STAGE AIR PURIFICATION

Carbon Pre-Filter: Captures initial dust and allergen particles. Absorbs unpleasant odors and harmful gases.

True HEPA Filter: Captures dust, pollen, pet dander, mold spores, and other allergens from the air.

Antibacterial* Filter: Inhibits the growth of bacteria.
**prolongs filter life*

UV-C Bulb: Enhances the elimination of airborne germs[†].

[†]*Staphylococcus albus, Escherichia coli, Aspergillus niger, H1N1 independent testing*

PRE-OPERATING INSTRUCTIONS

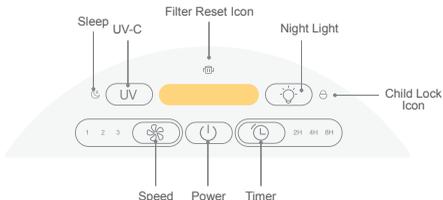

1. Carefully remove PureZone Kids from the box and plastic bag.
2. Select a firm, level, and flat location to position the unit.

NOTE: For proper air flow, place the unit at least 1 foot away from any wall or furniture. Make sure none of the vents are blocked.

PRE-OPERATING INSTRUCTIONS (CONT'D)

- Before using, remove the filter from the plastic packaging.
- Plug PureZone Kids into a 120V AC electrical outlet.

OPERATING INSTRUCTIONS

POWER & FILTER RESET BUTTON

- Press this button to turn the device on or off.
- When it is time to replace the filter, the filter reset icon will light up solid red. Replace the filter and long press the Power button for 3-5 seconds to reset the filter. The red icon will turn off after reset.

SPEED BUTTON

The fan speed can be adjusted with this button when the unit is in operation.

Default speed when turned on: speed 1 (Low)

- 1st Press: speed 2 (Medium)
- 2nd Press: speed 3 (High)
- 3rd Press: go back to speed 1

The speed setting will start the cycle over each time you press the button.

TIMER BUTTON

- By pressing this button, PureZone Kids can be timed to operate for intervals of 2 hours, 4 hours, or 8 hours. The unit will stop automatically when the selected operating time has elapsed.
 - Default setting - Timer off
 - 1st press = timer for 2 hours
 - 2nd press = timer for 4 hours
 - 3rd press = timer for 8 hours
 - 4th press = timer off

OPERATING INSTRUCTIONS (CONT'D)

UV / SLEEP BUTTON

- Press this button to turn on/off the UV-C light.
- Press and hold for 3-5 seconds to activate Sleep mode. The sleep icon will flash for 5 seconds before device enters into sleep mode:
 - Sleep icon lights up, while all other icons and the night light will be turned off automatically.
 - The speed and the timer will stay at current settings chosen.
- If any other button (including the power button) is pressed when sleep mode is on, the device will come back on to previous settings, and all corresponding icons turn back on.
- If the timer period ends under sleep mode, the device will be turned off. Press the power button to restart the device.

NIGHT LIGHT / CHILD LOCK BUTTON

- Press this button to control the night light.
 - 1st press: 7-color night light cycles through
 - 2nd press: night light stays on the current color
 - 3rd press: night light turns off
- Press and hold for 3 seconds to activate/deactivate the child lock. Night light color does not change.
- If any button is pressed when child lock is activated, the icon will flash 3 times to indicate locked status.

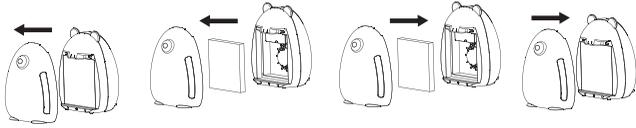

NOTE: When not in use, turn off and unplug the air purifier. It has a memory feature that will save the last settings programmed before it was turned off.

INSTALLING & REMOVING THE FILTER

When it is time to replace the filter, the filter reset icon will light up solid red. Replace the filter then press and hold the power button for 3-5 seconds to reset the filter. The red icon will turn off after reset.

NOTE: The 3-in-1 filter will last approximately 6 months, depending on usage and environmental conditions. It's important to maintain and change the filter to continue to optimize the performance of the air purifier. To purchase the replacement filter (Model: PEBERFIL), visit pureenrichment.com.

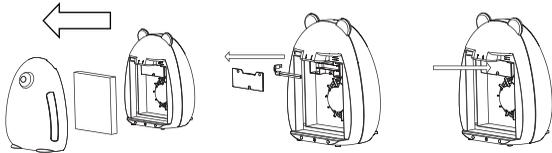

INSTALLING & REMOVING THE FILTER (CONT'D)

1. Remove the front cover from the unit.
2. Find the pull tabs on the bottom and top of the filter. Remove the filter by pulling the tabs.
3. Insert the new filter. Make sure the tabs are facing out and the black carbon pre-filter is facing the front cover for proper installation.
4. Reattach the front cover and securely latch it into place.
5. Press and hold the power button for 3-5 seconds to reset the filter.

If you want to replace the filter before the filter life ends, press and hold the power button for 3-5 seconds to reset the filter in advance. The filter reset icon will flash for 20 seconds, during which you can press and hold the button again to reset the filter. If you do not press and hold the button again, the indicator will go off after 20 seconds.

UV-C BULB REPLACEMENT

1. Remove the front cover and the filter.
2. Open the UV-C bulb cover with a screwdriver.
3. Remove the UV-C bulb from the bulb holder carefully and unplug the connector.
4. Attach the new UV-C bulb to the connector and put it back into the holder carefully.
5. Screw the UV-C bulb cover back into place securely.

To purchase the replacement UV-C bulb (Model: PEUVLMPN), visit pureenrichment.com.

CLEANING & MAINTAINING THE AIR PURIFIER

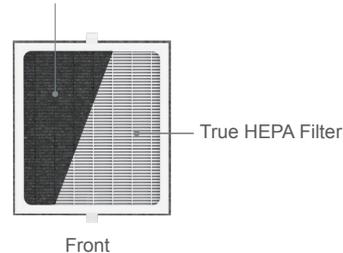

1. Unplug before cleaning.
2. Wipe the outside of the air purifier with a soft, dry cloth. If necessary, wipe the housing with a damp cloth, then immediately dry.
3. Vacuum the inside of the air purifier.
4. DO NOT clean with abrasive chemicals or flammable cleaning agents.

CLEANING & MAINTAINING THE FILTER

The filter should be cleaned once a month to increase the efficiency and extend the life of your filter. Clean the inside and outside of the filter using a soft brush or vacuum hose to remove hair, dust, and large particles. Do not clean the filter with water or other liquids.

NOTE: The filter is not washable. DO NOT wet either side of the filter when cleaning.

Carbon Pre-Filter

Antibacterial* Filter
**Prolongs filter life*

TROUBLESHOOTING

Problem	Solution
Unit is not powering on	Check to make sure unit is properly plugged in and the electrical outlet is working.
	Check that the front cover is latched firmly in place.
	Check that the filter is firmly in place.
Decreased air flow	Check that the filter is clean.
	Check for any obstructions in the air inlet and outlet.
Excessive noise	Check for any foreign objects in contact with the fan.
	Check that the filter is clean.
	Check that the filter is properly installed.
	Check that the device is on a level and even surface.

If your problem is not resolved by the solutions listed above, contact Pure Enrichment for assistance by emailing help@pureenrichment.com.

WARRANTY

PureZone Kids comes with an industry-leading 5 Year Warranty that begins on the date of purchase.

The warranty applies to the air purifier and necessary parts and labor relating thereto. The warranty does not apply to damage resulting from failure to follow the operating instructions, accidents, abuse, alterations, or disassembly by unauthorized individuals.
