USER MANUAL  
MODEL: PECOMPAP

## WARNINGS AND PRECAUTIONS

### CAUTION: DANGER OF ELECTRIC SHOCK

To avoid short-circuit, electric shock, fire, and personnel injury accident, please read this manual carefully before using the product. Only use this product as intended and outlined in this manual.

#### Please read all safety precautions carefully before using the product.

1. This product can only be used with 120V, 60HZ AC power supply.
2. This product is intended for domestic use only. It should not be used for commercial purposes.
3. This air purifier can be used by children ages 8 years and older and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have supervision or have been given instructions on using the product safely and understand the hazards involved. Children shall not play with the product. Cleaning and user maintenance shall not be done by children without supervision.
4. DO NOT run cord under carpeting. DO NOT cover cord with throw rugs, runners, or similar coverings. Arrange cord away from traffic areas where it will not be tripped over.
5. DO NOT operate the product in any greasy environment, such as in the kitchen. This product is not intended to filter oil or grease from the air.
6. DO NOT use in bathrooms or other humid environments. DO NOT use near fireplaces or in areas where flammable or combustible vapors or products may exist.
7. Always unplug the power cord from the electrical outlet when the purifier is not in use, before cleaning, inserting or removing parts or before moving it to another location.
8. Never run the air purifier unless it is fully assembled.
9. Always turn off all controls before unplugging the air purifier from the outlet.
10. Attempting to service the air purifier in any way that is not described in this owner's manual will cause the warranty to be voided and could cause serious personal injury to the user and/or result in considerable damage to the unit.
11. DO NOT place the cord near a heated surface. If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
12. Never use the power cord to pick up, carry, drag, pull, or lift the air purifier. DO NOT pull the cord against or around sharp corners and edges. This could result in injury to the user or damage to the cord.
13. Always remove the plug from its power outlet by holding onto the plug itself and pulling gently. Never pull on the cord itself to unplug it from its power outlet.

14. Use care when operating the air purifier by keeping all foreign objects, fingers, body parts, hair, loose clothing and jewelry away from openings.
15. Never touch the air purifier or its plug when your hands are wet.
16. DO NOT place near fans or curtains. Keep both sides of the unit at least 1-foot away from the wall.
17. Placing the air purifier near the source of air pollutants is an effective way to improve indoor air quality.

**NOTE:** DO NOT run the unit if the filter is broken or torn. Replace the damaged filter before use.

**CAUTION:** Please power off unit before removing back cover. High voltage inside. **Do not remove cover when unit is in operation.**

## CARE & MAINTENANCE

To prolong the life of PureZone Breeze, proper care and cleaning are essential. Turn off the power and unplug the air purifier before performing maintenance.

### Cleaning the Outside of the Air Purifier

1. Lightly dampen a cloth with water and add a mild detergent if needed.
2. Use the damp cloth to wipe the outer surface.
3. Do not allow water to slip into the internal parts of the air purifier as this could damage the unit or result in electrical shock or injury.
4. Allow the unit to air dry in a well-ventilated area. Do not use the unit until it is completely dry.

## CARE & MAINTENANCE

### Changing the HEPA Filter

For optimal performance, replace the filter every 6 months. This time may vary depending on air quality and frequency of use. Replacement filters are available at [www.pureenrichment.com](http://www.pureenrichment.com). Select Model No: PECOMFIL to purchase the correct filter for this air purifier.

1. Power OFF unit prior to removing cover. (Caution: High voltage inside)
2. Remove the air inlet cover.
3. Remove the filter from the unit, place it into a plastic bag and discard it. (It is recommended to wear gloves when handling the used filter.)
4. Install the new HEPA filter.
5. Replace the air inlet cover.

Note: If the air purifier is exposed to candles, fireplace ash, smoke, or oil fumes the filter will need to be replaced more frequently.
