## Store galore.

If you're looking for organizing and being able to efficiently store your hand tools and other work items, you've got the right workstation. The fiberboard (MDF) top work surface is durable and never warps. Remove the top to reveal the tray compartments, where you can keep everything at your fingertips while working on your current project.

*Removable top work surface, revealing more storage*

The back side of the molded top storage unit features a cord wrap to keep your extension cord tidy at hand. The cord wrap also contains holes for screwdrivers, keeping them at the ready for your projects.

## That's a wrap.

*Pegboard-perforated side panel for hanging even more tools*
