SwitchBack "SOLO"

The "Down Tailgate" Camera

TAILGATE CAMERAS ARE GREAT - UNTIL THE TAILGATE IS DOWN.

SwitchBack™ lets you see what you have been missing.

The Switchback SOLO is a standalone accessory that works with your factory tailgate and factory camera.

License Tag Camera - or - Top Mount Camera

MANUAL VIDEO LINK: <https://youtu.be/QWLvhywnByU>

SwitchBack "SOLO"

The "Down Tailgate" Camera

Automatically switches to the 2nd camera to give you a rear view when your tailgate is down.

- See what's behind you when your tailgate is down
- Plug-n-Play, factory fit connections
- No drilling, no programming, no manual switching
- Stop looking at the ground when your tailgate is down
- Fits Ford, Chevrolet, GMC, RAM and Toyota

Easy 5-minute installation

- 1** Disconnect your tailgate from the factory harness

- 2** Install the inline harness between the factory connections. Mount SOLO block.

- 3** Install the license tag frame and camera. Connect to the harness
