GERBER 17.5" HATCHET GBR-17H
MSRP \$65.00

This evolved hatchet features efficient strength in a slim profile. With a new black PTFE coating on the blade and a unique grind technique, the steel blade is sharper than ever. Expect clean cuts far longer than average from this smart axe, for use at the campsite and beyond.

**GERBER FREESCAPE FOLDING SAW
GBR-F5**
MSRP \$65.00

Portable. Safe. Functional. This innovative saw folds up flat for transport and utilizes 4 pivot points upon release to create a secure handle grip and 12" cutting surface. Bright green accents are easy to spot at the campsite, keeping you aware and safe. Accepts all standard 12" blades making replacement simple.

**GERBER 10.5" MACHETE
GBR-MJR**
MSRP \$30.00

Built just as tough but shorter and more packable, this version keeps the same dual blade. Perfect for back-country travel, the fine edge tackles brush and vines while the saw cuts limbs and small trees. The Gator Grip keeps tasks comfortable and securely in hand. Includes Nylon Sheath.

**GERBER 24" MACHETE WITH SHEATH
GBR-MJR-3**
MSRP \$35.00

This dual purpose machete solves two obstacles: chopping and sawing. Successful at both, the 18" blade features a full performance saw on one side, a 15" fine edge blade on the other. With a Gator Grip handle to keep it secure, it is ready for anything.

TREE STAND SMART PHONE HOLDER U-4064

MSRP \$49.95

The Hornet Smart Phone and Camera Mount comes complete with a SOLID crab clamp that can attach to any square, round, or oval tube up to 1 1/4" diameter (tool less installation). The crab clamp base attaches to the Hornet Quick-Adjust arm. Unlike the friction adjustments used on most camera mounts, this unique arm has a unique mechanical design where a simple twist of the elbow knob loosens the entire arms AND both ball sockets on the ends so you just loosen, adjust to the desired position, and lock it in place with a simple half turn of the knob.

Includes a Go Pro and POV camera attachment so you can also use it to hold your Go Pro or other action camera.

FIREFLY™ ELECTRONIC WIND DETECTOR

F09B01

MSRP \$39.95

Firefly™ is a sophisticated, patented instrument designed using the latest state of the art technology. Firefly™ can determine wind drifts imperceptible to humans; down to 1" per second.

Features

- Protective cover easily screws onto Firefly™ waterproof design
- Built in Compass
- Designed to determine wind drifts down to 1" per second
- Weather resistant housing is built to last.
- Specs: Height 4.63"; Radius 2.16"
- Weight under 3 OZ with batteries
- Operating temperature -35°F to +110°F
- **PATENTED**

SOLAR POWER BANK

MSRP \$39.95

The Hornet Outdoors weatherproof, wireless, water resistant, solar phone Charger. Whether you're hunting and fishing, hiking or camping, or just need a simple DURABLE charger to take along with you, the Hornet Adventure Charger is sure to fit your needs. You can charge the power bank with the USB input cable or solar to supplement if you're out and about.

To charge your phone simply turn it on, place your Qi compatible phone on the pad, or plug your phone in to the USB output port. Includes an LED flashlight that is very bright and draws very little power.

FIREFLY™ BOW MOUNT F16MT16

MSRP \$39.95

The Firefly™ Telescoping Bow/Camera Mount is designed to attach directly to your treestand. While screw-in tree hooks and strap hooks work well in many instances, often you're unable to position your bow EXACTLY where you want it so it's easy to reach and minimizes movement when you need to pick up your bow for a shot. At other times, such as when hunting out of a tripod or a tiny top (small tree), a tree hook is not an option.

The Patent Pending Firefly™ Telescoping Treestand Mount comes equipped with 2 hooks and a Firefly™ Wind Detector holder so it's always within easy reach to test wind direction. The mount can also be used to hold a GoPro, spotting scope, or commercial video camera.

FEATURES:

- Patent Pending Hinged Design for Easy Clip On
- 15 lb Capacity Per Hook
- Black Powder Coat and Soft Tech Rubber Surface Coating
- Heavy Duty Secure Design with Neodymium Magnet
- "No Wiggle" Latch
- Simple Tool Less Installation on 3/4" (1" also available)
- Positions your Bow, Rifle, Pack, or Crossbow Within Easy Reach but Still Out of the Way.

HORNET SMART PHONE AND CAMERA MOUNT RC-4049

MSRP \$79.95

The Hornet U-4040 Camera Mount comes complete with a SOLID fast clamp (tool less installation) that attaches to round 1½" – 2" tube. The fast clamp base attaches to the Hornet Quick-Adjust arm. This unique ALL STAINLESS STEEL arm has a unique feature where a simple twist of the elbow knob loosens the entire arms AND both ball sockets on the ends so you just loosen, adjust to the desired position, and lock it in place with a simple half turn of the knob.

TREE STAND BEVERAGE HOLDER TSBH

MSRP \$19.95

For long hours in the tree stand, it's always nice to have a few creature comforts. Based on the patent pending hinged hook design the beverage holder is the perfect place to keep your beverage handy and also includes a hook for your gear. Stay put design means no rattle and gimbaled holder keeps your beverage level even when installing on an angle piece of square tubing.

- No tools required
- All Steel Powder Coated

TSH-2 TREE STAND QUICK HOOK

MSRP \$19.95 per pair

Have you ever climbed up in a tree stand in the dark and groped about looking for a place to hang your bow, rifle, or pack while you're perched on the top step? Anyone who has ever hunted out of a stand knows the frustration of finding a hook, especially if the stand is foreign to us such as outfitters stands and friends stands we're not familiar with.

The Hornet Tree Stand Quick Hook was designed to simply pull out of your pocket and instantly attach to the square tube on a tree stand. It's available in ¾" (most common) and 1" and also special shapes such as the oblong tube used in Millennium stands.

The Quick Hook was designed to hold your pack, rifle, bow, or crossbow securely to your hunting stand while positioning it precisely where it's easy to pick up when it's time to make the shot. Simple tool less installation means you can install them permanently or take them with you on the go! Hinged design is simple to install with no tools – even in the dark! Just put a couple in your pocket and take them from stand to stand.

PATENT PENDING.
