BEFORE YOU BEGIN

Before beginning assembly, make sure all parts are present. Compare parts received with the “Parts List.” If any part is missing or damaged, do NOT attempt to assemble the product. Please read and understand this entire manual before attempting to assemble, operate or install this product. If you have any questions regarding the product, please contact Customer Service.

GENERAL INFORMATION

Your new chair is made from the finest materials available. It should provide many years of enjoyment with minimal care. This chair is intended for outdoor use but as with all products, the materials and finishes will age faster with greater exposure to the weather and sun.

For best results, keep your chair clean and dry. Clean with a soft, damp cloth. If you use furniture covers, always make sure the chair is clean and completely dry before covering, as mold may form in dark, wet places. For best results, remove any cushions and store separately before covering. When seasonally out of use, store this chair in a dry, temperature controlled place to protect its appearance and prolong its useful lifespan. Check the hardware on your chair regularly to make sure it is secure.

The weight limit for this chair is 285 LB /130 KG.

To avoid damaging the chair, do not drag when moving.
