

Show Cattle Calm

Sullivan

Indications:

Used as an aid in calming show cattle. Allows exhibitor to handle show animal more safely and professionally. Not a drug. No withdrawal time is necessary.

Directions:

Administer one mark on plunger for each 100 pounds of animal's weight. Administer two to three hours before time of showing. For harder to handle animals, administer in the following manner: give one dosage 24 hours before show, give 2nd dosage 12 hours before show, and a 3rd dosage two to three hours before show time.

Ingredients:

L-Tryptophan-4gm., Valerian Root, Black Cohosh, Passion Flower, Ginger Root, Hopps, Wood Betony, Benzol Alcohol, Aloe Gel, Acaisa Gum, and selected Homeopathically treated products for improved effectiveness.

Warning:

Not for human consumption.

Storage:

Store below 86°.
