OWNER'S MANUAL

PLEASE GO TO
WWW.TRUCKAIRBEDZ.COM
FOR PRODUCT WARRANTY REGISTRATION

IT IS HIGHLY RECOMMENDED THAT YOU READ AND FOLLOW
THE INFORMATION CONTAINED IN THIS MANUAL BEFORE
INITIAL SET UP.

WARNING:
DO NOT LEAVE INFLATED WHEN NOT IN USE. OVER-INFLATION
WILL OCCUR WHEN EXPOSED TO DIRECT SUNLIGHT.

WARNING: THIS PRODUCT IS NOT FLAME RESISTANT. THIS BED CONTAINS PLASTIC. DO NOT PLACE AIR BED NEAR OPEN FLAME OR OTHER SOURCE OF IGNITION.

WARNING: This is not a toy. To avoid risk of fire, burns, injury or shock, it should not be played with or placed where small children can reach it.

- Unplug pump when not in use.
- Pump is an electrical device. Do not use in or around water.
- Do not attempt to disassemble, repair, or service the pump. No serviceable parts are contained inside. Contact Pittman Products International at 650 South Jefferson street, Suite D Placentia California 92870 for service or repair.

WARNING:

- This is not a water toy or flotation device. Use as a bed only.
- Not recommended for use by children under three (3) years of age.
- This bed is not intended for infants or persons with limited mobility. They may roll off of the bed and become entrapped between the bed and the sides of the truck bed or walls and suffocate.
- Do not use this bed on abrasive surfaces or near pointed, sharp or protruding objects. Bed may puncture. Remove all sharp objects from area the bed will be used in.
- Do not step or jump on bed or use as a trampoline. Standing, jumping or walking on the bed may result in injury and/or damage or puncture the bed.
- Make sure truck bed is clean of any debris, sharp objects or protrusions or place bed in a safe area before use making sure that there are no sharp edges, steps, drops, or breakable items nearby. Use on flat surfaces only. Bed may tip over on uneven surfaces.
- Do not inflate or use mattress while vehicle is in motion.

CONTENTS

1. AirBedz® Pro3 Air Mattress with built-in DC air pump
2. Carrying bag
3. Repair patch kit (includes glue)

SET UP GUIDE

For your convenience your AirBedz Pro3 Mattress has a Boston Style Valve for alternative inflation and deflation. This Valve is constructed in three parts:

1. Valve Cap
2. Middle Valve
3. Bladder Valve

Prior to Inflation with Built-In DC Pump:

Make sure valve cap (1) and middle valve (2) are inserted into bladder valve (3) securely.

EXCEPT FOR THE EXPRESS LIMITED WARRANTY SET FORTH ABOVE, PITTMAN PRODUCTS INTERNATIONAL MAKES NO EXPRESS OR IMPLIED WARRANTIES IN THIS AGREEMENT OR OTHERWISE. TO THE FULLEST EXTENT PERMITTED BY LAW, PITTMAN PRODUCTS INTERNATIONAL DISCLAIMS ALL WARRANTIES, WRITTEN, EXPRESSED OR IMPLIED, INCLUDING ALL WARRANTIES OF MERCHANTABILITY AND/OR FITNESS FOR A PARTICULAR PURPOSE. PITTMAN PRODUCTS INTERNATIONAL EXPRESSLY DISCLAIMS ANY AND ALL LIABILITY TO PURCHASER FOR ANY CONSEQUENTIAL DAMAGES, DAMAGES FOR LOSS OF USE, LOSS OF PROFITS, PROPERTY DAMAGE, OR ANY OTHER INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES ARISING OUT OF THIS AGREEMENT OR THEIR OPERATION, FUNCTION OR CHARACTERISTICS OF THE PRODUCTS PURCHASED HEREUNDER. IT IS EXPRESSLY UNDERSTOOD THAT THE LIMITED WARRANTY SET FORTH ABOVE IS THE SOLE AND EXCLUSIVE REMEDY OF PURCHASER. NOT WITHSTANDING THE TERMS OF ANY LIMITED WARRANTY, AND/OR IN THE EVENT ANY LIMITED WARRANTY PROVIDED TO THE PURCHASER FAILS OF ITS ESSENTIAL PURPOSE, IN NO EVENT WILL PITTMAN PRODUCTS INTERNATIONAL ENTIRE LIABILITY TO PURCHASE EXCEED THE PURCHASE PRICE ACTUALLY PAID BY PURCHASER FOR THE PRODUCTS HEREUNDER, OR ANY DEFECTIVE PORTION THEREOF, WHICHEVER IS THE LESSER AMOUNT.

Pittman Products International neither assumes nor authorizes any representative or other person to assume any obligation or liability other than those expressly set forth herein.

WARRANTY DISCLAIMER

AirBedz® Pro3 Truck Bed Air Mattresses are warranted against defects in material and workmanship for a period of one year from the date of purchase. Problems covered by the warranty include failure of the pump, seams or the valve. Punctures or wear to the mattress due to use or abuse are not covered. It is normal for an airbed that has been inflated for extended periods to require the addition of air after a few days. Air will be lost from the mattress through the material over time. Also, cooling of the air around the bed will cause the air inside the bed to contract, and the bed will be softer and may need refilling. To receive a replacement air mattress under Pittman Products International's One-Year Warranty, you will need to:

- All returns must have a Returned Goods Authorization number (RGA). Every package must be clearly marked with the RGA number. RGA numbers are good for 30 days from the date of issuance. Products returned without viewable RGA numbers will be refused. No returns on special order, clearance or discounted items. Returned products is subject to a 20% Re-Box/Restocking fee. Products must be properly packed to prevent shipping damage. All returned product must be shipped pre-paid. The cost of transporting the product to Pittman Outdoors for warranty service/ replacement is the responsibility of the purchaser.
- Send entire product to Pittman Products International with a letter stating:
 - The nature of the problem with the bed and the model number.
 - Your name, return shipping address and a daytime phone number.
- Send us a copy of the original sales receipt.
- This warranty is valid for the original retail purchaser from the date of the initial retail purchase and is not transferable.

The purchase date on the receipt must be within One Year of the date you ship the bed to us. Please ship the bed, letter and copy of receipt via courier (e.g. UPS, FedEx Ground) or Insured Post to:

Pittman Products International
Attn: Returns
650 South Jefferson Street, Suite D
Placentia, California 92870

Pittman Products International is not responsible for returned shipments lost in transit. You are encouraged to use a shipment system that offers you a tracking number. Please allow 6 to 8 weeks for replacement. Customer is responsible for all return shipping costs.

SET UP GUIDE (cont.)

INFLATION

1. Place your bed in the back of truck bed or on a flat surface free of debris, obstructions and sharp objects.
2. Spread the mattress out so that it can fill easily. Allowing the mattress to "unfold" itself may place an unnecessary strain on the mattress and the pump.
3. Open DC power cord storage door (A) to remove DC power cord.
4. Plug the DC cord into your vehicles cigarette lighter or accessory power jack.
5. Turn inflate/deflate knob (B) to the inflate position to inflate mattress.

To increase pump pressure and to decrease inflate time, please ensure your vehicle's engine is turned on. This will allow the pump to operate at maximum voltage (14.4V vs 12V).

Boston Style Valve

6. Turn inflate/deflate knob (B) to the off position once desired firmness has been achieved.
7. Unplug DC cord and store in DC power cord storage door (A) when not in use.

DEFLATION

NOTE: DEFLATE AIR MATTRESS SLIGHTLY BEFORE REMOVING FROM TRUCK BED TO AVOID SNAGGING OR TEARING MATTRESS ON TRUCK BED. IT IS BETTER TO FULLY DEFLATE MATTRESS IN PLACE TO AVOID DAMAGE.

1. Turn inflate/deflate valve (B) to the deflate position to deflate mattress.
2. Deflate until bed is fully deflated. *For faster deflation, open middle valve (2).*
3. Turn inflate/deflate valve (B) to the off position to turn pump off.
4. Fold bed according to Folding Instructions on "page 4" and place into carrying bag and store until next use.

FOLDING INSTRUCTIONS

Upon complete deflation, lay bed on flat surface with sleeping surface facing upwards and fold according to the steps below.

*Bag may vary from illustration

CARE AND MAINTENANCE

1. Inspect your bed before each use.
2. Keep your bed away from any sharp or protruding objects. Large cuts, tears or snags may not be repairable and will not be covered by your warranty.
3. A repair patch kit has been included in case of incidental damage to your bed. Please follow repair instructions carefully.
4. When not in use store bed in a clean, dry place out of extreme temperatures.

CLEANING

DO NOT SUBMERGE MATTRESS IN WATER! For spot cleaning, use a clean damp cloth to wipe the surface of the mattress. Apply a clear liquid dish detergent without dye if necessary. Wet stained area thoroughly; gently massage stained area with detergent. Blot the area to remove staining substance. Rinse thoroughly and blot dry. Allow your bed to air dry completely after cleaning and before storing.

ADDITIONAL INFORMATION

IN CASE OF AIR LEAKAGE

Please check the following if there is an air leak.

1. Make sure valves are tightened to ensure leakage is not from loose valves.

A repair patch kit has been included for minor repairs. This patch kit includes everything needed to make a repair.

REPAIRING AN AIR LEAK

1. Wipe bed with mild soap water over area to find possible air leak.
DO NOT SUBMERGE MATTRESS IN WATER! If there is a leak bubbles will form around leakage area.
2. Follow cleaning instructions for leak area.
3. Use included patch kit to cut a suitable sized patch for leak. Make sure to round the edges of repair patch to avoid peeling.
4. Apply glue to patch area and around leakage area.
5. Press patch firmly over the puncture area.
6. Wait 24 hours before inflating.

To prevent patch from peeling while drying....

It is recommended to tape down patch edges with a light adhesive tape.
