OWNER'S MANUAL

IT IS HIGHLY RECOMMENDED THAT YOU READ AND FOLLOW THE INFORMATION CONTAINED IN THIS MANUAL BEFORE INITIAL SET UP.

WARNING:

DO NOT LEAVE INFLATED WHEN NOT IN USE. OVER-INFLATION WILL OCCUR WHEN EXPOSED TO DIRECT SUNLIGHT.

⚠ IMPORTANT ⚠

BEFORE USING YOUR AIRBED:

- Inflate your airbed for several hours to allow the material to stretch naturally. The material will stretch the most after the first time you inflate it.
- As the material stretches, you may need to add more air for firmness. Your airbed is not leaking, it is the material stretching.
- Add air daily at first and less after a few days to maintain desired firmness.

WARNING: THIS PRODUCT IS NOT FLAME RESISTANT. THIS BED CONTAINS PLASTIC. DO NOT PLACE AIR BED NEAR OPEN FLAME OR OTHER SOURCE OF IGNITION.

WARNING: This is not a toy. To avoid risk of fire, burns, injury or shock, it should not be played with or placed where small children can reach it.

- Unplug pump when not in use.
- Pump is an electrical device. Do not use in or around water.
- Do not attempt to disassemble, repair, or service the pump. No serviceable parts are contained inside.

Contact Pittman Products International at
650 South Jefferson Street, Suite D, Placentia, California 92870 for service or repair.

WARNING:

- This is not a water toy or flotation device. Use as a bed only.
- Not recommended for use by children under three (3) years of age.
- This mattress is not intended for infants or persons with limited mobility. They may roll off of the mattress and become entrapped between the seats and suffocate.
- Do not use this mattress on abrasive surfaces or near pointed, sharp or protruding objects. Mattress may puncture. Remove all sharp objects from area the mattress will be used in.
- Do not step or jump on mattress or use as a trampoline. Standing, jumping or walking on the mattress may result in injury and/or damage or puncture the mattress.
- Make sure surface is clean of any debris, sharp objects or protrusions or place mattress in a safe area before use making sure that there are no sharp edges, steps, drops, or breakable items nearby.
- Do not use mattress while vehicle is in motion.

SET UP GUIDE

Your Pittman Mattress has a 2 Stage Valve for easy inflation and deflation.

This Valve is constructed in three parts:

- A. Valve Cap
- B. Middle Valve
- C. Bladder Valve

To Inflate:

The middle valve (B) must be pushed in tightly to the bladder valve (C). The valve cap (A) must be removed from the middle valve (B) in order to inflate.

SET UP GUIDE (continued)

INFLATION FOR PPI-CARMAT, PPI-TRK_MAT, PPI-CMO_TRKMAT & PPI-TAN_TRKMAT
THE MODELS LISTED ABOVE CONSIST OF TWO PIECES (Mattress Top and Mattress Bottom).

NOTE: Slightly inflate and assemble the mattress out of the vehicle first. Once fully inflated, place into seat location.

1. Place your mattress top and mattress bottom on a flat surface free of debris, obstructions and sharp objects.
2. Spread the pieces out so they can fill easily. Allowing the pieces to "unfold" themselves may place an unnecessary strain on them and the pump.
3. Plug the pump in, find the proper pump adapter fitting and insert into middle valve (B).
4. Turn pump on and inflate both pieces to about 80% firmness.
5. Locate the attachment buttons (see image) located on the mattress bottom, and locate the female clasps (see image) located on the mattress top (bottom side).
6. Insert the button into the larger opening of the female clasp, slide the button to the smaller portion of the female clasp so it locks in place. Repeat these steps for the other side.
5. Once the mattress is completely assembled, continue to inflate to desired firmness. Shut the pump off and insert the valve cap (A) into the middle valve (B).
6. Your mattress is now ready to be placed inside your vehicle.
7. Unplug pump when not in use.

MATTRESS BOTTOM

SET UP GUIDE (continued)

INFLATION FOR PPI-TAN_PV_CARMAT & PPI-BLK_PV_CARMAT THE MODELS LISTED ABOVE ARE A ONE PIECE MATTRESS!

1. Place your mattress on a flat surface free of debris, obstructions and sharp objects.
2. Spread the mattress out so that it can fill easily. Allowing the bed to "unfold" itself may place an unnecessary strain on the mattress and the pump.
3. Plug the pump in, find the proper pump adapter fitting and insert into middle valve **(B)**.
4. Turn pump on and inflate to desired firmness.
5. Once the desired firmness has been achieved. Shut the pump off and insert the valve cap **(A)** into the middle valve **(B)**.
6. Your mattress is now ready to be placed inside your vehicle.
7. Unplug pump when not in use.

OPTIONAL INFLATION PROCEDURE

For faster inflate, remove middle valve **(B)** from bladder valve **(C)**. Locate and place the correct pump adapter on the pump and insert pump into bladder valve **(C)**. Turn on the pump. Once the bed is almost fully inflated, power off the pump and insert middle valve **(B)** into bladder valve **(C)**. Locate and place the correct pump adapter on the pump then continue filling using the middle valve **(B)**. Once the desired firmness is achieved, shut the pump off and remove. Insert valve cap **(A)** into the middle valve **(B)** when finished.

INSTALLATION OF MATTRESS

1. Adjust the front seats to the most forward position.
2. Fold the upright portion of the seat forward. This will allow easier installation of the mattress.
3. Please ensure the door opposite from you is closed before installation.
4. Install the mattress ensuring that the two large air bladders are in the legroom area.
5. Once the mattress is in the desired position, carefully adjust the front seats back from the most forward position and adjust the upright portion of the seat to ensure a snug but not tight fit of the mattress.
6. You are now ready for a comfortable night's sleep.

REMOVAL OF MATTRESS

1. Adjust the front seats to the most forward position.
2. Fold the upright portion of the seat forward. This will allow easier removal of the mattress.
3. Begin to carefully remove the mattress from rear seats ensuring it doesn't hang up on anything. Once the mattress is removed, it is now ready for deflation.

DEFLATION

1. Pull out the middle valve **(B)** from the bladder valve **(C)**.
2. Deflate until mattress is fully deflated.
3. Fold mattress and place into carrying bag and store until next use.

OTHER GREAT PRODUCTS FROM PITTMAN OUTDOORS www.pittmanoutdoors.com

CARE AND MAINTENANCE

1. Inspect your mattress before each use.
2. Keep your mattress away from any sharp or protruding objects. Large cuts, tears or snags may not be repairable and will not be covered by your warranty.
3. A repair patch kit has been included in case of incidental damage to your mattress. Please follow repair instructions carefully.
4. When not in use store mattress in a clean, dry place out of extreme temperatures.

CLEANING

DO NOT SUBMERGE MATTRESS IN WATER! For spot cleaning, use a clean damp cloth to wipe the surface of the mattress. Apply a clear liquid dish detergent without dye if necessary. Wet stained area thoroughly; gently massage stained area with detergent. Blot the area to remove staining substance. Rinse thoroughly and blot dry. Allow your mattress to air dry completely after cleaning and before storing.

ADDITIONAL INFORMATION

IN CASE OF AIR LEAKAGE

Make sure valves are properly inserted to ensure leakage is not from loose valves.

A repair patch kit has been included for minor repairs. *(Includes patches and glue)*

REPAIRING AN AIR LEAK

1. Wipe mattress with mild soap water over area to find possible air leak.
DO NOT SUBMERGE MATTRESS IN WATER! If there is a leak, bubbles will form around leakage area.
2. Follow cleaning instructions for leak area.
3. Use included patch kit to cut a suitable sized patch for leak. Make sure to round the edges of repair patch to avoid peeling.
4. Apply glue to patch area and around leakage area.
5. Press patch firmly over the puncture area.
6. Wait 24 hours before inflating.

To prevent patch from peeling while drying...

It is recommended to tape down patch edges with a light adhesive tape.

WARRANTY DISCLAIMER

Pittman Air Mattresses are warranted against defects in material and workmanship for a period of one year from the date of purchase. Problems covered by the warranty include failure of the pump, seams or the valve. Punctures or wear to the mattress due to use or abuse are not covered.

It is normal for a mattress that has been inflated for extended periods to require the addition of air after a few days. Air will be lost from the mattress through the material over time. Also, cooling of the air around the mattress will cause the air inside the mattress to contract, and the mattress will be softer and may need refilling.

To receive a replacement air mattress under Pittman Products International's One Year Warranty, you will need to:

- All returns must have a Returned Goods Authorization number (RGA). Every package must be clearly marked with the RGA number. RGA numbers are good for 30 days from the date of issuance. Products returned without viewable RGA numbers will be refused. No returns on special order, clearance or discounted items. Returned products are subject to a 20% Re-Box/Restocking fee. Products must be properly packed to prevent shipping damage. All returned product must be shipped pre-paid. The cost of transporting the product to Pittman Products International for warranty service/replacement is the responsibility of the purchaser.
- Send entire product to Pittman Products International with a letter stating:
 - The nature of the problem with the bed and the model number.
 - Your name, return shipping address and a daytime phone number.
- Send us a copy of the original sales receipt.
- This warranty is valid for the original retail purchaser from the date of the initial retail purchase and is not transferable.

The purchase date on the receipt must be within One Year of the date you ship the mattress to us.

Please ship the mattress, letter and copy of receipt via courier (e.g. UPS, FedEx Ground) or Insured Post to:

Pittman Products International
Attn: Returns
650 South Jefferson Street, Suite D
Placentia, California 92870

Pittman Products International is not responsible for returned shipments lost in transit. You are encouraged to use a shipment system that offers you a tracking number. Please allow 6 to 8 weeks for replacement. Customer is responsible for all return shipping costs.

EXCEPT FOR THE EXPRESS LIMITED WARRANTY SET FORTH ABOVE, PITTMAN PRODUCTS INTERNATIONAL MAKES NO EXPRESS OR IMPLIED WARRANTIES IN THIS AGREEMENT OR OTHERWISE. TO THE FULLEST EXTENT PERMITTED BY LAW, PITTMAN PRODUCTS INTERNATIONAL DISCLAIMS ALL WARRANTIES, WRITTEN, EXPRESSED OR IMPLIED, INCLUDING ALL WARRANTIES OF MERCHANTABILITY AND/OR FITNESS FOR A PARTICULAR PURPOSE. PITTMAN PRODUCTS INTERNATIONAL EXPRESSLY DISCLAIMS ANY AND ALL LIABILITY TO PURCHASER FOR ANY CONSEQUENTIAL DAMAGES, DAMAGES FOR LOSS OF USE, LOSS OF PROFITS, PROPERTY DAMAGE, OR ANY OTHER INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES ARISING OUT OF THIS AGREEMENT OR THEIR OPERATION, FUNCTION OR CHARACTERISTICS OF THE PRODUCTS PURCHASED HEREUNDER. IT IS EXPRESSLY UNDERSTOOD THAT THE LIMITED WARRANTY SET FORTH ABOVE IS THE SOLE AND EXCLUSIVE REMEDY OF PURCHASER. NOT WITHSTANDING THE TERMS OF ANY LIMITED WARRANTY, AND/OR IN THE EVENT ANY LIMITED WARRANTY PROVIDED TO THE PURCHASER FAILS OF ITS ESSENTIAL PURPOSE, IN NO EVENT WILL PITTMAN PRODUCTS INTERNATIONAL ENTIRE LIABILITY TO PURCHASE EXCEED THE PURCHASE PRICE ACTUALLY PAID BY PURCHASER FOR THE PRODUCTS HEREUNDER, OR ANY DEFECTIVE PORTION THEREOF, WHICHEVER IS THE LESSER AMOUNT.

Pittman Products International neither assumes nor authorizes any representative or other person to assume any obligation or liability other than those expressly set forth herein.
