

WHAT IS BOA HOLD POST ANCHOR?

A long-lasting post-setter alternative to concrete, Boa Hold Post Anchor holds tight and won't let go. The flexible 2-part mix burrows into the spaces around the post, expanding to a dense foam for an extra strong hold. That post isn't going anywhere!

"HOLDS TIGHT AND
WON'T LET GO!"

U.S. Patent Ser. No. 10,131,739
Other patents pending

BOA HOLD POST ANCHOR

LEAVE CONCRETE IN THE DUST!

Boa Hold Post Anchor does the work of concrete without the mess. Why? Because it requires **NO** water! Which means it's not only simple to use, but easier to work with!

SUPERIOR STRUCTURAL STRENGTH

Don't let it's light weight fool you. Boa Hold packs a punch. One bag of Boa Hold Post Anchor replaces 50 lbs of concrete. Not only that, but it sets as fast as 3 minutes!

1

MIX

USE "SHOE SHINE" TECHNIQUE TO MIX LIQUIDS FOR :30 SECONDS

2

POUR

CUT A HOLE AND USE OUR SPECIAL "SPOUT" TO POUR AROUND POST

3

YOU'RE SET!

BOA HOLD WILL EXPAND FOR 2-3 MINUTES AND HARDEN IN JUST 7 MINUTES!

BOA MEANS BUSINESS

Boa Hold Post Anchor is perfect for everyone from DIYers to seasoned professionals. Since it's simple to use and works for tons of different jobs, Boa Hold is designed to fly off store shelves and keep them coming back!
