## 57.6V, 1024Wh, 20Ah LiFePO4 BATTERY

### ITEM NUMBER

OPE100

### UPC

827518009291

### DESCRIPTION

Boasting a voltage of 57.6V, 20Ah capacity, and 1,024Wh energy output. The ELITE ENERGY™ LiFePO4 Battery offers long-lasting power with a lifespan of 3,000 cycles at 80% charge capacity. Designed for safety, it exhibits superior thermal and chemical stability, making it immune to outgassing, fumes, leaks, and suitable for various environments. This battery stands out in performance, featuring four times the energy density for extended run-times. It offers a 50% higher overall capacity and maintains 100% power availability throughout discharge. Moreover, it enables rapid recharge rates, up to four times faster than alternative batteries. Environmentally friendly, the LiFePO4 battery is free from heavy metals, rare earth elements, and toxic materials. Its production requires approximately 50% less energy than other lithium battery types, reducing environmental impact.

**DESCRIPTION**

DK2 is proud to bring you the ultimate snow plow solution in our line up - the DK2 Everest. This prosumer, fully hydraulic snow plow kit provides you the opportunity to clear your parking lot, driveway, or lane way whenever required. With our fully hydraulic system you can raise, lower, and angle the snow plow blade from inside your vehicle using our wired hand held remote. For extreme durability against the elements and rust, DK2 combines an industrial powder-coated paint finish on the blade with hot dipped galvanized hardware components to keep your plow looking new for years.

The plow itself simply clips to a DK2 custom fitted vehicle mounting system and can pretty much mount to anything that's fit to push snow.

## TRUNK MOUNTED ALUMINUM 3-BIKE CARRIER

### ITEM NUMBER

BCR190

53

### UPC

827518007129

### DESCRIPTION

Just because you don't have a receiver hitch on your vehicle doesn't mean you can't take your bikes with you. The DK2 BCR190 can be strapped to the trunk of a car or small SUV using its heavy-duty durable nylon straps and haul up to 3 bikes without damaging the paint or body of the vehicle using the carrier's foam frame pads.

This bicycle carrier is adjustable for most makes and model of vehicles and easy to assemble. Soft rubber cradles and straps allow you to secure the bikes to the carrier without damaging the finish or performance of the bicycles, and the lightweight aluminum construction allows for easy installation or removal to/from the vehicle.

# TWIN CYLINDER 1HP 2-GALLON OIL-FREE SILENT ELECTRIC AIR COMPRESSOR

## ITEM NUMBER

AC02G

## UPC

827518008249

## DESCRIPTION

The AC02G is a silent electric oil-free air compressor that can be plugged into any nominal 120V outlet and ready in seconds at 125 PSI with 2 gallons of available compressed air, all at a whisper quiet sound level.

This unit comes equipped with a brushless electric motor, 2 quick-connect hose ports with a regulator dial so the tools are given the air pressure they need to operate at their full potential, and when it comes to moving the AC02G around the job site, it couldn't be any easier with its lightweight, compact design and ergonomic lift handle.

When the job is done and it's time to pack up, just turn the pressure switch off, unplug, and pull the release valve to remove any remaining air pressure.
