

# TOGETHER WE CAN MAKE A DIFFERENCE.

At MyEcoWorld® we see a world free from conventional plastic, in our homes, in our stores, in our landfill, in our soil and in our food system.

That's why we've been innovating wonderfully compostable solutions to help eliminate traditional single-use plastics from our planet.

Our bags are better made, better to use and better for the planet. Because at MyEcoWorld® we Love Our Planet.

# BETTER BAGS FOR THE PLANET.

Certified compostable products for your home or business.

# BREAKS DOWN IN JUST 90 DAYS

In commercial compost facilities

Strong and Stretchy

# THE MYECOWORLD<sup>®</sup> DIFFERENCE

**CERTIFIED COMPOSTABLE**  
to stringent international standards for home & commercial composting

**FULLY BREAKS DOWN**  
in less than 90 days in commercial composts and 180 days in home composts

**LEAVES NO HARMFUL RESIDUE**  
or other harmful substances behind

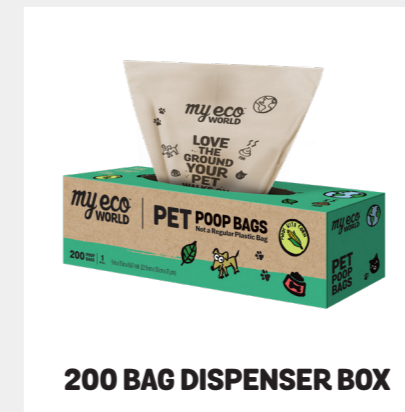

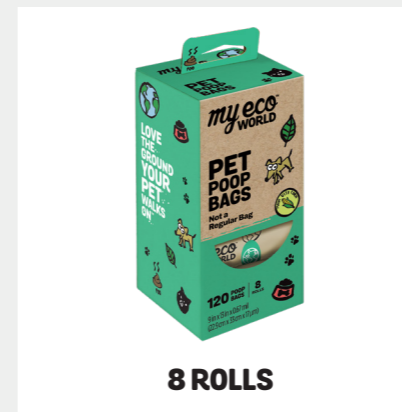

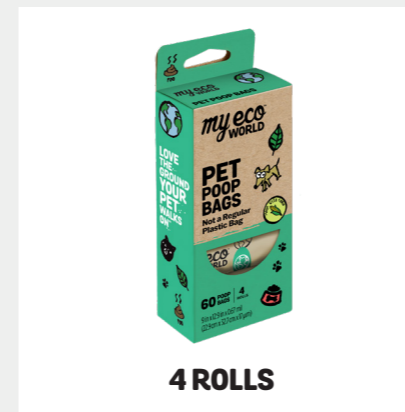

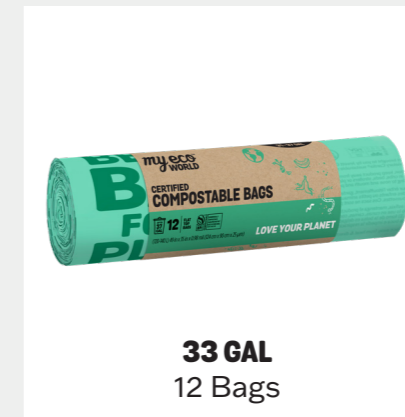

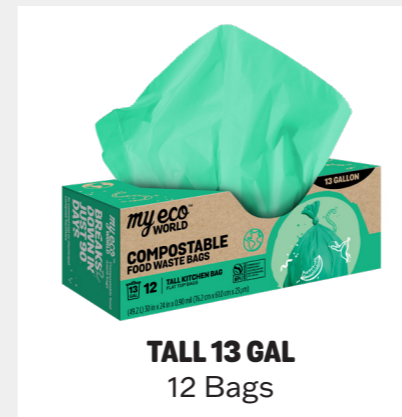

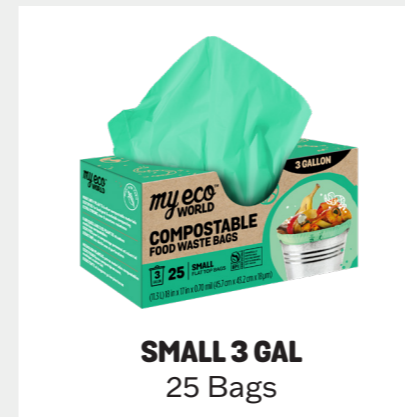

**WORM SAFE & NON-TOXIC**  
to plant germination & growth

**SUPERIOR QUALITY**  
the perfect combination of thickness, strength, toughness and puncture/tear resistance.

## OUR PRODUCTS

### FOOD AND YARD WASTE BAGS

Our bags are certified compostable, exceptionally strong, and odor-free. Tough enough for life's messes, but gentle enough for Mother Earth.
