### DESCRIPTION

The ELITE ENERGY™ 200W Portable Solar Panel is the ultimate portable power solution that harnesses the sun's energy. With a peak power of 200W and cell efficiency of up to 23%, this solar panel generates exceptional clean power. It unfolds to a large size, capturing maximum sunlight, yet weighs under 10 pounds for easy transport. Constructed with lightweight materials, it remains durable while being portable. The fold-out stands elevate the panels and precisely aim them at the sun for maximum exposure and energy generation. Embrace the power of solar energy with the ELITE ENERGY™ 200W Folding Solar Panel. Whether camping, hiking, or reducing your carbon footprint, this portable solar panel provides a reliable and eco-friendly solution for charging devices and powering adventures. With high-quality monocrystalline solar cells, it ensures optimal performance and efficiency, even in challenging conditions. Harness the sun's energy and enjoy the convenience of clean power wherever you go.
