**PALLET DIMENSIONS: 40" X 48" WEIGHT: 1925 LB QTY: 48 CASES**

## INGREDIENTS

Unrefined Mineral Salt

## PRODUCT PAIRINGS

Free-choice licks are most effective at meeting horses' salt and mineral needs when paired with a loose salt. Redmond's Daily Red line offers natural, loose sea salt supplements that support hydration, improve performance, and help bring horses back into healthy balance.

## FREQUENTLY ASKED QUESTIONS

### WHERE DOES REDMOND ROCK COME FROM?

Redmond Rock is mined in the heart of Utah from Redmond's ancient and protected mineral deposit. Each rock is harvested from deep within the earth and delivered without processing or additives. It's a natural choice horses love and owners can feel good about.

### HOW MANY MINERALS ARE IN REDMOND ROCK?

Redmond Rock contains over 60 naturally occurring sea minerals that help replenish what's lost through sweat or missing in diet. Because these minerals are present in trace amounts, it's safe and recommended to use Redmond Rock with other supplements like Daily Red.

## FEEDING DIRECTIONS:

Feed free choice year round. Provide free-choice access to fresh, clean water.

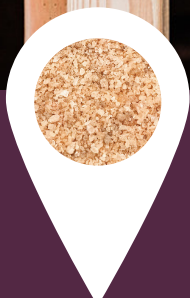

## TESTIMONIALS

"My horses favorite salt lick and of course the brand I trust the most!"

- Rachel A.

"Best product out there. We love our Redmond salt. The horses use it and we feel better giving them a natural product. It's what they would seek out if they weren't penned up. It's also a great value. There is no waste with Redmond salt licks."

- Anna V.
