

NEW 3 FT. LENGTH WATCHMAN WIRE MESH GATE

Tarter's 3' Watchman Wire Mesh Gate makes a perfect entrance to your fenced backyard or that small walkthrough area near your barn. It measures up to the rest of the Watchman lineup with the same construction, height, and corrosion-resistant finish. Adjustable top and bottom hinges allow for a left or right-hand swing, and a snap chain and two 6" screw-in hinge pins ship with each unit. The gate is approximately 3" shorter than the listed length to accommodate the hardware and allows for proper clearance.
