

Haunted Hill Farm®

Enter, if you dare, into the horrifying world of Haunted Hill Farm. Be afraid. Be very afraid of our Cornfield and Pumpkin Patch Collection. These wild beasts are just what you need to turn your home into the scariest house on the block.

Smiley, the animatronic werewolf, is part man, part wolf, and part hyena. I know, don't ask, but look at that toothy smile - he is definitely part hyena. His hands and feet may look human, and his fur looks soft and fluffy, but don't let that fool you. This wild creature is MEAN and hungry, anxiously awaiting the arrival of his next victim.

- Touch-activated animatronic operates on 3 AA alkaline batteries (not included)
- His head and shoulders move side to side and his LED eyes glow green
- Spine-chilling sounds include creepy night noises with distant howling and groaning
- Easy 2-piece assembly - just snap together and enjoy
- Indoor or covered outdoor display recommended for longer prop life
- All treat, no tricks with our 1-year limited warranty
