

# Rise Up® Ringo Rose

## Rosa x

The Rise Up™ series of roses are the first-ever climbing roses from Proven Winners ColorChoice Shrubs. We call them "mini climbers," as they keep a neat, dense habit and can be grown as a climber or a shrub rose, depending on how the gardener prunes or trains them. These vigorous, healthy, re-blooming roses create a range of new applications for Proven Winners roses. The Rise Up Ringo rose is a beautiful mini-climber with double golden yellow flowers featuring a bright red eye. Very healthy foliage and a very vigorous growth habit. The ways Rise Up Ringo can be used are endless.

Long Blooming, Moderate Fragrance, Disease Resistant

### CHARACTERISTICS

**Plant Type:** Shrub

**Shrub Type:** Deciduous

**Height Category:** Medium

**Garden Height:** 36 - 60 Inches

**Spacing:** 24 - 36 Inches

**Spread:** 24 - 36 Inches

**Flower Colors:** Yellow

**Flower Shade:** Yellow with a red eye

**Foliage Colors:** Green

**Foliage Shade:** Dark Green

**Habit:** Upright

**Container Role:** Thriller

### PLANT NEEDS

**Light Requirement:** Sun

The optimum amount of sun or shade each plant needs to thrive: Full Sun (6+ hours), Part Sun (4-6 hours), Full Shade (up to 4 hours).

**Maintenance Category:** Moderate

**Blooms On:** New Wood

**Bloom Time:** Summer

**Hardiness Zones:** 4a, 4b, 5a, 5b, 6a, 6b, 7a, 7b, 8a, 8b, 9a

**Water Category:** Average

Needs Good Drainage

**Soil Fertility Requirement:** Average Soil

**Uses:**

Border Plant

Container

Cut Flower

Landscape

Mass Planting

Specimen or Focal Point

**Uses Notes:** Mass plantings; hedges; mixed borders; foundation plantings; cottage gardens.

**Maintenance Notes:**

These easy-care roses defy conventional expectations of what a rose needs to thrive in your landscape. To keep it looking great, simply prune back by at least one third its total height each early spring, just as the new buds begin to emerge on the stems. Make your cut just above a thick, healthy bud, as these produce the most vigorous growth. It can also be fertilized at this time with a granular rose fertilizer. The plant may be deadheaded if desired, but this is not required for continuous bloom.
