

North Pole® *Arborvitae*

Thuja occidentalis

A very cool evergreen that adds elegance to your garden all year round! This narrow columnar selection of 'Wintergreen' has excellent hardiness and dark green winter foliage color. More narrow than Emerald Green. The tight, columnar habit makes this a great specimen or screen for narrow sites. Use as a bold accent plant in mixed borders.

Plant Type: Shrub

Shrub Type: Evergreen

Height Category: Tall

Garden Height: 120 - 180 Inches

Spacing: 60 - 84 Inches

Spread: 36 - 60 Inches
