

Kleim's Hardy Gardenia

Gardenia jasminoides 'Kleim's Hardy'

Kleim's Hardy showcases pinwheel-shaped, creamy white flowers white with a yellow center. They are so beautiful and perfect they almost look fake! The foliage is shiny and deep green, typical of Gardenias. The natural shape of this shrub is mounding. At a mature size of 2 to 3 feet tall and wide, this shrub is perfect for just about any spot in your yard, garden, or patio. They even do great in containers!
