

Van Zyverden's
DUTCH IRIS SAPPHIRE BEAUTY

Dutch iris hybrids grow from bulbs that can be planted in fall or spring and are often grown as annuals. These graceful and elegant flowers bloom atop grass-like foliage. They are easy to grow, and if zone appropriate, are great for naturalizing. They are often used as cut flowers.

Returns for years to come

Great florist quality cut flower

Deer and critter resistant

About This Variety: Sapphire Beauty (Iris hollandica) is the classic purple Dutch Iris, with a striking yellow flame in the falls.

Growing Instructions: Choose a site that has reasonably fertile soil and plenty of moisture that won't dry out in summer. Good drainage and a sheltered location will help them survive the winter.

Care Tip: Plant about 15 bulbs per square foot. Zone 5 gardeners should add a 2" layer of mulch in fall. Best planted in large numbers.

Exposure: Full sun to partial shade

Height: Grows 18-20" tall

Spacing: Plant 4" apart, 5" deep

USDA Zones: Hardy in USDA zones 6-8

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
