REAL ADVENTURES NEEDS A COMFORTABLE SADDLE

Looking for adventure? The Water Warrior saddle by Mesace is the perfect one for riders who want to ride more and worry less about their saddle. It's 100% waterproof, made of a scratch resistant material, and stainless-steel hardware, it's lightweight, comfortable and proven to be resistant against wear over time. It has a foam shock absorbing Comfort seat for sublime comfort that guarantees the rider a pleasant ride. The 5-inch-deep seat with cayenne roll cantle is designed for a secure ride. The saddletree is made from a Polymer composite developed by our company and tested for more than 30 years in the saddle industry, which allows us to give our riders a 5 years time guarantee. It has Neoprene skirts that soften the contact between the saddle bars and the horse's back.
