

"The Major"

Adjustable Hitch: 2.00" | x5

Tactical Duty Specification Manual

Introduction

Welcome to the world of versatility and strength with "The Major" Adjustable Hitch by Patriot Hitches. This Tactical Duty hitch is not just a hitch; it's a game-changer. Below, you'll find all the details you need to make the most of this patented product.

Key Features:

- **Adjustability:** Enjoy 8 adjustments with the Receiver Mount for the perfect towing setup.
- **Versatility at its Best:** This hitch is hailed as the most versatile ever invented! Choose between DROP or RAISE – Tactical Duty (Heavy Duty) as per your towing needs.
- **Impressive Capacity:** Boasting a maximum Gross Towing Weight (GTW) of 25,000 lbs and a Tongue Weight (TNG) of 2,500 lbs (Class V), it's designed for heavy-duty performance.
- **Multiuse Design:** Tow a trailer on the lower level and mount a bike or luggage rack on the upper level – talk about convenience!
- **Rapid Step Technology:** Rotate the hitch 90° with ease.

Specifications:

- **Hitch Weight:** 27 lbs.
- **Dimensions:** Width: 4 0/0", Length: 10 0/0", Height: 13 0/0"
- **Shank Size:** 2" SOLID BAR
- **Vertical Adjustment Receiver Tube (The Cartridge):** Adjusts by 2 1/2" increments with 3 pull pins and clips.
- **Full Adjustment Capability:** 20" (10 Up and 10 Down)
- **Solid Construction:** Made of SOLID Steel with a shank length of 10" (Usable 6 0/0") and fits 2.5" Inch Receiver with 2.0" opening.

Versatile Height Options:

- **DROP Options:** 2 1/2", 5 0/0", 7 1/2", 10 0/0"
- **RISE Options:** 2 1/2", 5 0/0", 7 1/2", 10 0/0"

Compatibility:

- Fits ANY oversized receiver (With Reducer Insert NOT included).

Safety and Security:

- **Anti-Rattle/Theft Deterrent Bolts:** 2 Stainless Steel Bolts with Allen Wrench INCLUDED.
- **Meets or Exceeds Standards:** Complies with J684 SAE Testing Standards for your peace of mind.

Application Areas:

Ideal for Marine, Sport, Agricultural, Recreational, Preppers, and anything in your everyday life.

Warranty and Quality:

- **Lifetime Warranty:** Enjoy a lifetime warranty on construction (not coating).
- **Quality Construction:** Crafted from high-quality structural carbon steel with NO CAST PARTS.
- **Rust-Resistant Coating:** Tactical Texture Powder Coating resists rust and corrosion.

No Flipping, No Hassle:

No need to flip the hitch – adjust your height incrementally. Protect your vehicle's tailgate and hitch from inconvenience and interference.

Package Content:

"The Major" comes with 2 main parts – Vertical Adjustment Receiver Tube (The Cartridge) and 1 horizontal receiver vehicle bar mount. Also included are 3 Pins/Clips, 2 Anti-Rattle/Sway Bolts, and 1 Allen Wrench for optional bolt use.

Cautions and Warnings:

- **Configurations:** Some configurations allow accessories to stay in place when not in use, but for safety reasons, Patriot Hitches recommends removing all accessories not in use.
- **Safety First:** Never exceed hitch ratings or vehicle limitations.
- **Secure Your Load:** For bike racks and cargo racks, use ratchet straps to secure the load and minimize bounce and movement.
- **Maintenance:** Keep ANTI Rattle Lock Bolts lubricated to avoid rusting and seizing.

Conclusion:

"The Major" is a patented product by Patriot Hitches, proudly owned, operated, and designed by a United States Disabled Military Veteran – a verified SDVOSB. Remember, all hitches are not created equal. Compare for versatility, convenience, strength, drop/rise, and weight ratings. With "The Major," you get what you pay for – unmatched quality and performance!
