## Open Base Worktable Assembly Instruction

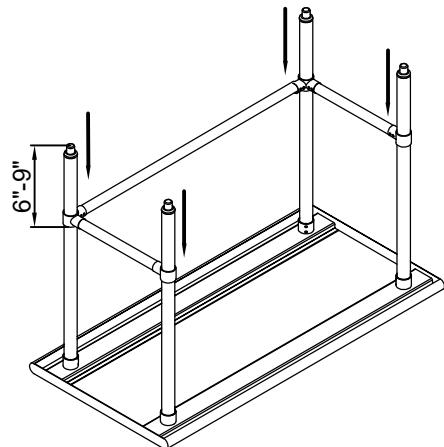

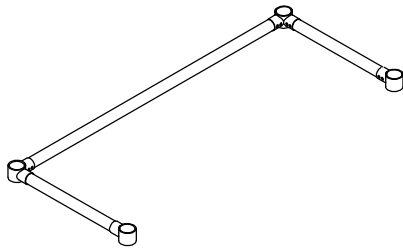

Main Parts			
No.	Pattern	Part name	Quantity
1		Top shelf	1
2		Leg	4
3		Length brace	1
4		Width brace	2

Accessories			
No.	Pattern	Part name	Quantity
①		M8*1*10 Screw	17
②		S4 Screw Wrench	1
③		Two-way connector	2
④		One-way connector	2

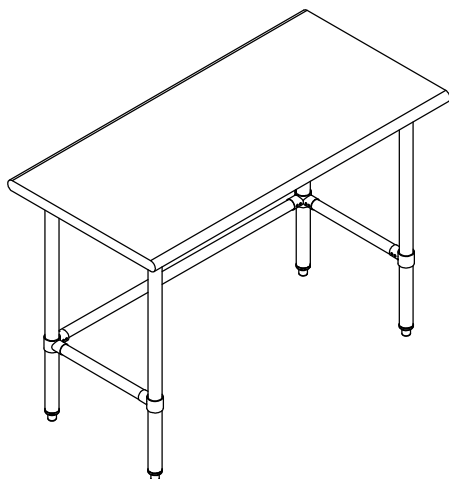

Turn the top shelf upside down onto the floor, place the carton top underneath for padding to avoid scratching, Insert four legs into the leg sockets, then partially fasten the allen screws

Insert the length brace into the two-way connector and secure it with screws. Then insert the width brace into the two way connector and secure it with screws. Finally the pass one-way connector to connect with the width brace and secure it with screws. The "U" shape leg bracing is accomplished

Slide the U-shape leg brace rod into the leg tube and tighten the screws after holding it at the same height. We recommend a height of 6-9 inches from the bullet foot

Turn over the assembled worktable, adjust the feet height to ensure proper leveling and stability, your worktable is now ready to use
